PRE-PAINTED MOULDINGS

[METRIE.COM/METRIE-COMPLETE](https://www.metrie.com/metrie-complete)

Metrie Complete® pre-painted mouldings are specially formulated for durability and provide a beautifully smooth, consistent color for professional results.

This patented solution, combined with Metrie's strong distribution and service model, helps builders and contractors save money and increase margins.

HIGH QUALITY

Factory finished, smooth surface and color matching system ensures professional results every time.

SAVES TIME

Ready to install, pre-painted moulding reduces the number of steps required for installation and allows faster access to the site by other trades.

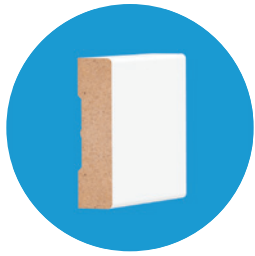

SAVES MONEY

Metrie Complete® eliminates the cost of additional labor and supplies while lowering financial costs due to earlier closing.

THE DIFFERENCE IS IN THE DETAILS

- Factory finished, high-quality coating is engineered to enhance durability.
- All moulding products and accessories are Polar White in color for a consistent appearance.
- Non-metal marking finish provides good protection in handling and transport.
- UV inhibitors, added to the top coat, prevent color variation.
- Color-matched to ensure the perfect match across all moulding elements.
- Special additives allow the paint to flex — minimizing paint cracking when moulding is handled.
- Touch-up products are available with everything you need to finish the job.
