Contemporary

Eclectic, Artistic, Avant-Garde. Full of life, culture, color, texture, unique and found objects, natural and man made materials...

At its core, the word "contemporary" means "of the moment". Sleek & thoughtful, contemporary design spaces often feature a mixture of both straight and elegantly curved lines, which can be seen as a slight nod to this style's art deco roots. Today, the look is defined by curved lines, and embraces minimalistic elements highlighting grays, beiges and shades of white. Although the contemporary trend changes with time, the basic cutting edge simplicity and idealism remains as unique as your vision.

Victorian

Glamorous, Ornate, Art Deco, Baroque, Southern Plantation, Colonial Estate...

Victorian Mouldings hearken to the richness of old world artisan builders, craftsmen and clothiers that regarded every part of their work a piece of art. It is a style that can transform the bland into a bold statement of line and form. Ornate mouldings can be combined to restore a great Painted Lady or add a subtle flair and richness to add glamour to any room in your home.

Corner Moulding Blocks

Pictured: **734** Bullseye Rosette Corner Casing Block | Also Shown: **1888** Crown Corners (see page:53) & **1403** Plint Base Block (see page:35).
All blocks shown primed and painted.

Moulding Blocks:

Casing Corner Blocks, Crown Blocks and Plinth Blocks add decorative detail and greatly simplify moulding installation without the use of mitering corners. Plinth Blocks offer transitions between varying bases and casing profiles while adding depth and structure to the cased opening. Using Moulding Blocks is often a perfect solution for DIYers.
