DECKING

Fiberon offers PE and PVC decking in a variety of colors and grain patterns, making it easy for you to find the right product for your outdoor living space. Each decking collection is crafted from durable, low-maintenance materials, and backed by industry-leading warranties of up to 50 years.

MoistureShield offers the only composite deck boards with Solid Core; meaning they can be installed on the ground, in the ground or underwater requiring minimal maintenance. Innovations like CoolDeck® Technology keep boards 35% cooler in hot temps. The result is beautiful outdoor spaces that stand up to the effects of weather, wear and time.

SUGGESTED FASTENERS

Hidden Grooved Fastener Systems

Hidden grooved fastener systems are a popular choice, offering versatile solutions for grooved deck boards to create a smooth, flawless surface.

EDGE®, EDGEX® & EDGEXMETAL® Clips
Install decking in half the time with EDGE, EDGEX and EDGEXMETAL clips, designed for use on all PE and PVC grooved decking.

Starter Clip
Use with first and last grooved-edge boards to achieve a fastener-free deck surface.

Phantom® Universal Hidden Fastener
Easy to install, helps minimize lateral board movement and works with grooved composite decking. For use with PE deck boards only.

CAMO® Lever® and CAMO® Drive™ Tools
CAMO tools allow for faster installation of deckboards and clips.

Face-Fastening Systems

The most nominal option - color-matched plugs and screws camouflage screw heads across the deck surface, stairs and perimeter boards.

Starborn® PRO PLUG® SYSTEM
Easy-to-install plug fastening system for decking and fascia. Plugs made from Fibron decking material hide screws for a seamless finish.

Cap-Tor® xd Color-Matched Screws
Designed to provide a clean, smooth and uniform finish in decking and fascia. Available in a variety of colors.
