DOOR FRAMES

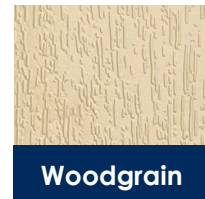

FRONTLINE®: WHERE INNOVATION BEGINS

AlumiGrain™: High-performance aluminum extruded for durability and performance, with the aesthetic appeal of wood. Experience the best of both worlds with AlumiGrain™.

AlumiGrain™ is today's pinnacle of performance and durability, designed to withstand the harshest conditions with unmatched quality. Combining high-performance aluminum with the warmth and beauty of wood, AlumiGrain™ offers superior curb appeal and exceptional resilience.

Key Features:

- **Next Evolution in Aluminum:** AlumiGrain™ represents the next generation of high-performance stainable aluminum.
- **Robust Construction:** Made from 16-gauge aluminum with a 12mil rigid PVC film, laminated using high-performance waterproof polyurethane glue.
- **Durable PVC Film:** Designed for impact and scratch resistance, the natural tan color with woodgrain embossing blends seamlessly with textured fiberglass doors. The UV protection of the film, combined with the topcoat, provides double the protection.
- **Customizable Aesthetics:** Can be stained to mimic the warmth and beauty of wood or painted to match your home's design features.
- **Limited Lifetime Warranty:** The aluminum substrate comes with a lifetime warranty, ensuring long-term peace of mind. Vinyl film has 10-year warranty.
