

SULKY®

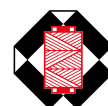

Silky Soft Viscose Thread

The Premium Thread With Color Guarantee!

The quality of viscose threads can vary quite a lot. Made of 100% branded viscose, SULKY® has gained a top rank in the list of most acclaimed embroidery threads worldwide – thanks to its silky smooth shine and flawless, even coloring, not to forget its high non-fade properties and color fastness: a SULKY® color tone will keep its brilliance for years. This makes sampling and reordering an easy task while guaranteeing reliable results. It is good that nature also benefits: SULKY® is produced in a particularly resource-saving and environmentally friendly way and it is biodegradable!

GUNOLD®

Processing Recommendations:

- ◆ **Needle:**
use universal needle ORGAN
No. 75/11 SES.
- ◆ **Important!**
The elongation of viscose is lower than that of polyester. Advantage: after sewing and embroidering the thread is more even, the fabric warps less.

We're acting ecologically!

Viscose is a genuine natural product:

Its raw material cellulose is extracted from sustainably-managed eco-friendly wood and refined to premium-grade viscose thread during further processing steps according to environmentally-friendly standards. It's bio-degradable!

Tip!

Viscose thread is soft and shines naturally. SULKY embroidery thread is the perfect choice for almost all designs. The only exception: if the use of chlorine is needed, pay attention to the care labels

Care Instructions:

Technical Information:

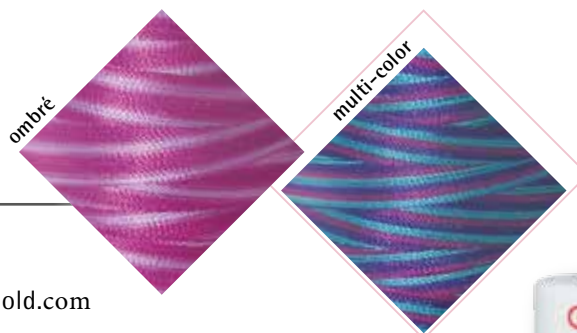

- ◆ **Upper thread**
- ◆ **Material:**
100% viscose (biodegradable)
- ◆ **Size 40:**
Nm 70/2; dtex 134*2

- ◆ **Minimum order:**
1 Miniking cone of 1.000 m
1 cone of 5.000 m
