

Counter Line - Refrigerated Well

Drop-In

Product Information:

- This display is designed to be installed into a cut-out in a new or existing bench top which allows for simple, inexpensive installation (manufactured & fitted by others)*
- Requires a gantry above the unit to work as per the intended design (meeting Australian standards)
- The blown air design passes cold air over and under the food pans creating an even cooling effect (product in the pans must not restrict the cold air flow stream blowing across the top of the pans)
- Adjustable digital temperature controller allows food to be held between +2°C to +4°C in a maximum of 32°C ambient temperature
- Fully insulated and constructed from 304 grade stainless steel with a No.4 finish
- Drop-in refrigeration unit supplied with a condensate drain hose for connection to a tundish
- Suits gastronorm pans up to 100mm deep (sold separately).
