

MAJOR PROJECT  
**BENTON'S HILL**

Stoddart is proud to again partner with Envirodome in their latest project at Benton's Hill, situated on the Hume Highway south of Wangaratta in Victoria. Stoddart has provided the plumbing solutions for multiple Envirodome toilet blocks at sites throughout Regional New South Wales and Victoria.

The toilet block includes Stoddart's robust 2.0 mm stainless steel toilet pans, knee operated hand basins, flushing devices and various accessories.

Stoddart's Australian made plumbing fixtures, paired with the Envirodome unique design and rapid modular construction, provide a vandal resistant and easy to install public amenity solution.
