

PROJECT HIGHLIGHT
QUEEN ELIZABETH OVAL

Stoddart Plumbing recently completed the new build at the Queen Elizabeth Oval (QEO) in Bendigo, Victoria. The project at the oval consisted of a new kiosk and public amenities block for spectators.

Stoddart supplied and site welded all of the Plumbing products including the standard, ambulant and disabled toilet pans, SR2.DA hand basins and a giant hinged grate urinal. This is, to date, the largest multi directional urinal supplied into Victoria, measuring 2400mm x 3835mm x 2635mm x 1560mm.

Project successes like these show how capable Stoddart is of proving end-to-end Plumbing solutions for our clients.
