

# ARIELLE RAMIREZ

## TECHNICAL PROJECTS

---

### **ParkIt.** [Github](#) | [Demo](#)

*Efficiently find parking near you.*

- + Created a Rails API Backend with User, ParkingSpace and Reservation relationships.
- + Adapted ParkWhiz's API to extract and analyze data in US States.
- + Utilized React, Redux and Semantic UI to provide a sleek user experience.
- + Incorporated Javascript to enable full functionality in this app.

### **Let's Cook** [Github](#) | [Demo](#)

*A great way to cook what your craving.*

- + Built a Rails API Backend connect model relationships.
- + Integrated Edaname's API to sift through a quantity of recipe data.
- + Accessed Material UI, React and Redux to provide a seamless frontend.
- + Assembled Javascript to build the logic for the functionality of the app

### **Seamful** [Github](#) | [Demo](#)

*A simple way to order food from local restaurants nearby.*

- + Implemented a Rails API Backend to integrate relationships between models.
- + Generated seed data to populate restaurants.
- + Fetched the backend to allow user login functionality
- + Combined HTML and CSS to create the frontend of the application

## PROFESSIONAL EXPERIENCE

---

### **ERT**, Boston, MA

Customer Service Representative, *July 2016 - May 2018*

- + Learned current technical information, standard procedures and best practices for deploying ERT products and services monthly.
