WORK EXPERIENCE

PROJECT MANAGER @ SMART SPARROW

June 2015 - Present

- Manage client relationships and drive the development of custom learning products from pre-sales through deployment
- Lead globally distributed teams through the design-thinking process to create impactful learning experiences
- Collaborate with sales members, creative designers, and software developers on 6-12 concurrent projects across 10 clients
- Recruit and onboard applicants for learning designer, software developer, project manager, and graphic designer roles

SALES SUPPORT SPECIALIST @ SMART SPARROW

April 2015 - June 2015

- Generated leads, examined and verified excel models for sales reports, and provided sales and marketing support
- Strategized on outbound email campaigns, metrics for analysis, and reporting methods
- Developed best practice documentation and managed quality control of outsourced lead generation

KORU-LINKEDIN @ KORU INC.

January 2015 - February 2015

- Designed and presented a product prototype for the LinkedIn For Good Team
- Used the design thinking method from identifying needs during market research through to ideation and rapid prototyping
- Enhanced hard and soft skills including Excel pivot tables, ROI analysis, and collaborative teamwork
