Graduate Diploma of Teaching (Primary) School Onsite Training Programme (SOTP)

To be completed by the principal of the field-based school the SOTP student will attend while studying.

SOTP students will be enrolled in Te Rito Maioha's Graduate Diploma of Teaching (Primary) programme. This programme is a bicultural, field-based model. As a field-based programme, SOTP students will be based in a partnership school for three days per week during semester time. Two of the three days a week, will be field-based days, where the students will be in the role of a student teacher under the supervision/mentorship of a fully registered and certificated teacher. During the two field-based days, it is a TCNZ requirement that the SOTP student teacher is not in the role of a teacher and will not have sole responsibility for a class.
