CLASS-IFI™
STORAGE

MAKING ROOM FOR MOBILITY

Whether it's a hands-on art project or a focused science lesson, every student and teacher deserves multifunctional, durable, and efficient organizational solutions that go the distance no matter what the subject. Class-ifi—a dynamic and effortlessly mobile education storage collection—features locking wheels that allow it to stay in place or move with you throughout the day. Designed to maximize space, promote flexibility, and inspire creativity at any age or learning level, Class-ifi is the perfect solution for modern educational environments.

PUT THE FUN IN FUNCTIONALITY

Gone are the days of one-size-fits-all cubbies. Today’s education environments have discovered a more holistic approach to organization and kinesthetic learning, and that means more choices and smarter logistics. With its dynamic, multifunctional design and straightforward mobility, Class-ifi encourages healthy movement throughout the day and defines a variety of organizational and learning hubs in any space—large or small.

SUPPORT FOR BUSY TEACHERS

With a locking wardrobe and practical cubbies—plus slotted end panel for Fuse™ accessories and whiteboard options—busy educators can organize, sort, and secure their personal and professional belongings with the Command Teacher Station.

A PLACE FOR EVERYTHING AND EVERYONE

Whether it’s a backpack, soccer ball, or lunch bag, every student needs a space for their stuff. Class-ifi lockers help organize it all—efficiently and safely. And with a handy locker hook, bags, jackets, and sweaters have a place to call home, too.

DOUBLE THE STORAGE

Store away from the wall with cubbies and bookcases that have nooks on both sides

MARKERBOARD FINISH

Available as a paint option for cases, doors, and end panels, it's perfect for teachers to illustrate lessons, kids to express their creativity, or as a versatile learning tool.

IT'S ALL IN THE DETAILS

From useful bookshelves to easily cleanable laminate interiors to colorful frames, panels, and doors, Class-ifi offers any learning space vibrant personality, durable performance, and organic design. Plus, with SmartLink® bins tote storage, students can enjoy individualized organization for personal everyday needs.

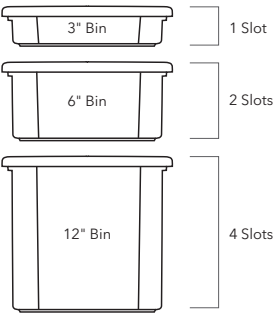

Shown with Build™ makerspace tables and stools.

CUSTOMIZE YOUR TOTE STORAGE WITH MIX-AND-MATCH BINS

With three bin sizes—3", 6", and 12"—that fit into fixed rails, you can easily maximize and customize your Tote Storage. Each bin size takes up a specific number of slots within the cabinet: 3" bins occupy one slot, while larger bins take up more (see illustration on right). This flexibility allows you to efficiently organize everything from books to art supplies, adapting the space to your exact needs.
