

#	Vendor	Catalogue	Qty	Part Number	Description	Pricelist	List	Ext. List
				DISCLAIMER	Drawings and specification not for order entry. Idea Starters to be used for budgetary and planning purposes only. Typical are priced with base level finishes. Final selections will affect total list price. Please review current Specification Guides for product options and installation details.			
				NOTE	Beyond application specified to be freestanding without attachment to the floor or ceiling. Seismic Anchors are recommended in some applications (Zones A-B) and required in others (Zones C-F). Additional Freeway, Post, and Run limitations apply in seismic design categories C-F. See CET Validations and Specification Guide for details. Please contact an authorized dealer or sales representative for final pricing.
