

Allsteel Open Line Laminate Program

The Open Line Laminate (OLL) program makes it even easier for a customer to tailor their Allsteel product for a custom look. Select Allsteel furniture products accommodate hundreds of graded-in high-pressure laminates (HPL) from the leading laminate manufacturers' open lines. Laminates that are currently available in the program can be viewed in specification tools.

Requests to add laminates to the standard specials program can be submitted through the CET Specials Integration tool as well as Community.

Matching edge options are not available offered for laminates in the OLL program. When selecting a laminate please select an edge option from the Allsteel standard offering. If a matching edge is required a modification request can be submitted through the CET Specials Integration tool as well as Community.

Due to manufacturing techniques, materials, quality issues of varying laminates, and minimum order quantities some product exclusions will apply, and some requests may be declined.

Extended lead times may apply on orders containing special laminates.

Contact the Tailored Products Group for questions or additional information regarding pre-approved laminates and pricing.
