**INTRODUCTION**

The Gunlocke Company is dedicated to providing the finest products and service possible. This price list reflects that commitment. Included is a current listing of our casegood models.

Seating and Lounge are presented in a separate price list. Contact your Gunlocke Customer Services Representative for more information, (800) 828-6300.

Designed for easy use, each page of this price list, and the inside front cover fold out provide all information required to order a product correctly. Should additional information be needed, contact your Gunlocke customer service representative.

**PRICING**

Prices shown cover standard product specifications. Any changes or alterations, other than those listed, will be subject to an additional charge. Prices include cartoning and freight. Authorization and pricing must be secured in advance for orders or contracts calling for large quantities, indefinite quantities, or extended delivery dates. Prices are subject to change without notice; the most current prices are published on <http://www.gunlocke.com>.

**ORDERING**

To expedite order entry and to assure proper service, email or fax all orders directly to:

**The Gunlocke Company**

Attn: Order Entry  
One Gunlocke Drive  
Wayland, New York 14572  
585-728-5111  
585-728-8350 FAX  
800-828-6300  
[www.gunlocke.com](http://www.gunlocke.com)

Gunlocke will not be responsible for duplicate orders if purchase orders are left unmarked.

**ACKNOWLEDGMENT**

Each order will be acknowledged by Gunlocke. Customers should check each acknowledgment for accuracy and immediately notify Gunlocke of any discrepancies. The printed acknowledgment is the final agreement between The Gunlocke Company and the customer, superseding all previous communications regarding the order.

**SPECIFICATION CHANGES**

Gunlocke reserves the right to change specifications for the improvement of products at any time, without notice.

**ORDER CHANGES**

Gunlocke is not required to accept changes in orders after confirmation. Reasonable changes are subject to additional charges for labor, material and administrative costs.

Order changes of acknowledgment may result in re-scheduling of product.

**RETURNED MERCHANDISE**

No merchandise may be returned without prior authorization.

**SHOWROOMS**

For all showroom locations and tour information, please reference the showrooms page online at: [www.gunlocke.com/inspiration/showrooms](http://www.gunlocke.com/inspiration/showrooms)

**CANCELLATIONS**

Cancellation of orders cannot be accepted since every order is manufactured according to customer specifications.

**STORAGE**

If delivery cannot be made and products are ready, Gunlocke will transfer products to a storage facility and products will be invoiced at that time. The customer is responsible for storage charges and assumes and bears all risks associated with the storage of that product.

**TERMS**

Net 30 days from date of invoice. A service charge of eighteen percent (18%) per year or .0004931% per day, compounded monthly, will be added to balance due beyond the thirtieth day. Products are shipped FOB factory, freight prepaid and allowed. Title passes to purchaser and Gunlocke's responsibility ceases when shipment is accepted for transportation by a carrier. A full explanation of all payment terms is found on order and invoice forms.

**ORDERING INFORMATION**

**1a.** Intended use: The furniture on this schedule is intended for use by Government executives (or equivalent military rank) in the Executive, Judicial and Legislative Branches of the Federal Government. To help customers make a good purchasing decision based on their needs and budget, GSA has established four grades of furniture. Grade (1) includes furniture that tends to be the most expensive on this schedule, grade (2) furniture tends to be more moderately priced and grades (3) and (4) furniture tend to be affordably priced when compared to grades (1) and (2). Some pieces of furniture on this schedule may be significantly higher in price than GSA Traditional and Contemporary Executive Special Order Program furniture. The ordering agency or service is responsible for determining furniture appropriate for use in its offices which will fit within its budget and comply with applicable Federal or internal agency procurement regulations. Please see reverse for GSA terms and conditions.

**Grade 1** All exposed solid parts such as top rims, base rails etc. (except decorative accents, inlays and painted parts) shall be the same species as the face veneer. Top and bottom edges of drawer fronts shall be solid wood in the same species as the face veneers. Drawer sides and backs shall be solid wood.

**Grade 2** Exposed wood panel trim and trim on tops shall be the same wood species as the face veneer on the top. Some or all other exposed solid parts, such as base rails can be an alternative wood species (such as poplar or gum) different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Silea is grade 2.

**Grade 3** Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Medley, Kennsington, Credentials, and all tables are grade 3.

**Grade 4** Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be composite wood material construction such as MDF. Trio is grade 4.

27. **Data universal number system:**  
(DUNS) number is 19-993-6550
28. **CCR registration/Cage Code:** The Gunlocke Company is registered in the DoD CCR. Cage Code - 26574
29. **Returns:**  
No returns of goods will be accepted without written consent and shipping instructions from Gunlocke, and the Government customer will be required to pay all return freight charges. A restocking fee of 30% net will apply on all authorized returns provided Gunlocke receives goods in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items are in no event subject to return. Goods must be returned within 70 days of shipment from factory.
30. **Cancellations:** No charge prior to production. After production has begun (5 days ARO), only the actual costs that the contractor can demonstrate will be billed to the customer if the merchandise cannot be resold within a reasonable period of time (90 days).
31. **Inside Delivery:** Gunlocke rates are for dock-to-dock delivery and do not include inside delivery, un-cartoning or set up. If desired, arrangements for inside delivery must be made and approved when the order is placed and will have a corresponding fee of 7% of list price of the order with a minimum charge of \$75. Requests for un-cartoning and set up will be coordinated with a Gunlocke Dealer with applicable charges applied to the order.
32. **Federal Tax ID # 22-3887942**

## 12 YEAR WARRANTY

Subject to the limitations set forth below. The Gunlocke Company warrants to the original purchaser all product in this price list to be free from defects in material and workmanship for a twelve year period from the date of shipment. This 12-year warranty applies to all products sold and installed by a Gunlocke authorized agent for normal commercial single shift service. Gunlocke will repair, or at its option, replace defective merchandise, free of charge. The following components not manufactured by Gunlocke have the following warranties:

- **High wear components** such as casters and glides are warranted for five years after date of shipment to original owner.
- **Electrical components** warranted 10 years from date of manufacture with exception of lamps and ballasts which are not warranted. This includes Fluorescent Tasklights.
- **LED tasklights** are warranted for 3 years from date of shipment to original owner.
- **Drawer suspensions** are warranted for lifetime of product after shipment to original owner.
- **Personal corners** including covering (leather) are warranted for three years of single shift and normal use after shipment to original owner.
- **Height adjustable electrical components** are warranted for five years of single shift and normal use after shipment to original owner.

Any non-standard material selected by the customer is not warranted. Neither does this warranty apply to damage resulting from accident, alteration, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. That is, Gunlocke's warranty is only valid if products are given proper use and care. Gunlocke assumes no responsibility for product damages resulting from improper installation or user modification.

## WOOD FURNITURE

Wood owes its inherent beauty to variations in color, grain, and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. The Gunlocke Company does not guarantee the exact matching of grain, pattern, and color.

These finishes do not cover any of the natural characteristics of the wood, including nature's colorations, pitch pockets, and the variations of steambent wood. Merchandise will not be replaced because of these natural variations.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be repair or replacement of defective parts, and that Gunlocke shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original owner. Owner may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. Warranty claims may be submitted on the Gunlocke website.

<https://apps.gunlockeadvantage.com/QualityFeedback/>

As stated and illustrated on the website, serial numbers are required to process a warranty claim. No person, firm or corporation is authorized to assume for Gunlocke any liability in connection with the sale or installation of Gunlocke products except as stated above.

All other warranties, expressed or implied, are excluded. Gunlocke shall not be liable for incidental or consequential damages of any sort.

Within the Continental USA, all orders above \$20,000 list are shipped FOB factory, freight prepaid and allowed. All orders less than \$20,000 list will be subject to a \$200 net freight charge. Products shipped to Alaska and Hawaii FOB factory, freight prepaid and allowed to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

An anticipated shipping date is indicated on the order acknowledgment. Gunlocke cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Gunlocke. Any resultant storage charges will be charged to the customer.

Gunlocke may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Gunlocke approves the specific shipping schedule. Additional charges may apply.

Gunlocke is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor or transportation difficulties, delay of sources or supply, accidents, fires, acts of God, or any other causes of like or unlike nature beyond the control of Gunlocke.

**LIABILITY**

Gunlocke products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Gunlocke's liability ceases at the time of shipment.

**FILING OF CLAIMS**

All claims for damage or loss must be submitted via our website at: <https://apps.gunlockeadvantage.com/QualityFeedback/> within 15 days after receipt of merchandise. Do not return freight damaged merchandise to Gunlocke. Follow the steps below to expedite processing and resolution of claims.

**For Visible Damage**

1. Make damage notation on delivery receipt and have driver sign. Do not reject or refuse the shipment.
2. Immediately contact Gunlocke Traffic Department at 585-728-8268.
3. Hold damaged carton and all interior packing for carrier's inspection. These materials will be needed to substantiate the claim.

**For Concealed Damage**

1. Open cartons within 15 days of receipt and inspect.
2. Follow steps 2, and 3 as listed under Visible Damage.
3. Do not remove product from delivered destination.

**For Loss**

1. Be sure loss notation is made on delivery receipt and have driver sign.
2. Contact Gunlocke Traffic Department at 585-728-8268.

Should transportation company seek to limit its liability on concealed, loss, or damage claims, please contact Gunlocke's traffic department. After a thorough investigation of the claim, the traffic department will provide you with guidance in corresponding with the carrier.

Returned merchandise, regardless of delivery method, will not be accepted unless specifically authorized by Gunlocke.

**For Damage or Loss of Parcel Post or UPS Shipment**

Notify the Gunlocke traffic department immediately at 585-728-8268.

**NORMAL DELIVERY**

All normal ground transportation by Gunlocke will be made on a dock-to-dock basis. The Gunlocke traffic department will determine the recommended method of shipment according to the ship to destination. If the delivery on a shipment takes longer than 2 hours to be unloaded, an additional charge will be billed at \$60/hour at 15 minute increments. Gunlocke reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

**Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.**

If a guaranteed delivery time is needed please call Gunlocke Traffic Department at 585-728-8268 for a quote as additional charges will apply. Weekend or after hours deliveries are subject to additional charges.

**WEEKEND DELIVERY**

A \$500 charge will apply on weekend delivery after 3:00 PM Friday through Sunday evenings.

**DROP SHIP / JOB SITE DELIVERY**

Orders under \$50,000 list will incur a \$125 charge for ship to locations other than a designated dealer warehouse.

**INSIDE DELIVERY**

Inside delivery must be noted on order. A minimum \$100 charge will apply.

**SPECIAL DELIVERY**

Please contact the Gunlocke traffic department for special delivery services such as inside delivery, weekend or after hour deliveries, reconsignment or other special needs. These are billable services.

**Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.**

**DOCK RESTRICTIONS**

Gunlocke trailers are 53' x 102"; when attached to truck cab the total length is 75'. If delivery dock will not accommodate trucks of this sizes, the Gunlocke traffic department must be contacted prior to shipping. Alternate arrangements can be made; additional charges may apply.

**CREDENTIALS CASEGOODS**

Credentials is offered in three select veneers and two premium veneers. All exposed surfaces utilize select plain sliced Cherry, Maple or Walnut veneers or premium Quarter Cut Walnut or Rift Cut Oak veneers.

Specialty Finishes:

- Gunlocke so that a finish formulation can be developed to match the special finish and color.
- Review the approval sample provided by Gunlocke.
- Written approval and sign off is required for Gunlocke customer service.
- Once written approval and sign off is received, the special finish order will be acknowledged.

**Note:** See Gunlocke Advantage website for special finish request forms.

**All Casegoods & Tables Purchase Orders:**

- 10% list upcharge per wood unit to base veneer option receiving special finish.
- \$250 net formulation fee for special finish.

**Note:** This procedure and related costs apply to new and previously formulated special finishes. Special finish orders may receive additional lead time.

**UV TOP FINISH**

Credentials worksurfaces feature two low emitting UV finish options that enhance the beauty of natural wood and ensures the depth, clarity, color consistency and durability throughout the life of the product.

**LOCKS & KEYING**

Locks are standard on all below worksurface storage units. Two lock options are available. When the factory installed lock option is selected lock cores are installed at the factory. Note: when the random option is selected some units may be shipped with the same key number. When the field installed lock option is selected each unit is shipped with an empty lock cylinder. Locks are Silver or Black.

factory installed locks option code

Option 1

**silver random keys** **RMS**

**black random keys** **RMB**

Option 2 Specify a number between

**SILVER Designated Keys** **100TAS - 150TAS**

**BLACK Designated Keys** **100TA - 150TA**

Field installed locks are also available. When field installed locks are specified each unit is shipped with an empty lock cylinder. A separate line item must be ordered to receive the numbered lock cores for field installation. Field installed locks are available at an additional charge of \$9 list per lock core.

Field installed lock core set, specify model # and key number (add \$9 list per core):

model number Specify a number between

**SILVER Designated Keys** **ACLCKFLD** **100TAS - 200TAS**

**BLACK Designated Keys** **ACLCKFLD** **100TA - 200TA**

**Note:** Add \$9 list per lock core.

## veneers

All exposed wood surfaces utilize select Plain Sliced Cherry, Maple, Walnut veneers or premium Quarter Cut Walnut, or Rift Cut Oak veneers. These veneers are carefully selected and slip matched to assure balance and consistency.

## WOOD TOPS

Wood veneer tops feature a balanced 3-ply construction and are 1 1/2" thick. Each top has a 3/32" thick external solid-wood band on all sides.

Standard tops are constructed of 45 lb particleboard.

Tops connect to the chassis with wood screws through the inset top panel of the pedestals and steel angle brackets.

## CHASSIS/PEDESTAL CONSTRUCTION

All wood pedestals are made with veneer end panels and fronts which are constructed with 3/4" thick balanced 3-ply panels. End panels are connected with an inset top, back, and bottom panel which is made of 3/4" thick 3-ply particle board. Panels are securely fastened together with cam fasteners in conjunction with solid wood dowels that are securely adhered with PVA (white polyvinyl acetate) glue. A 1 1/16"H x 2 7/16"W 3-ply particle board is mounted to the underside of the inset bottom panel. A threaded steel glide plate is attached to the hardwood stretcher to provide a durable connection between the glide and the bottom of pedestal. The glide plate is 10-gauge or 0.134" thick steel.

Steel glide plates are attached to single end panels with screws. End panels are pre-bored to accept the stem of the glide. The threaded steel glide plate provides a durable connection from glide to bottom of unit end panel.

Each unit is equipped with a minimum of four adjustable glides.

## OVERHEAD/STORAGE CONSTRUCTION

All wood panels are constructed with 1" thick balanced 3-ply panels. The top, end, and bottom panels are securely fastened together with wooden dowels that are adhered with PVA (white polyvinyl acetate) glue. This construction method eliminates any visible assembly fasteners.

Wall mount cabinets are mounted to the wall with a spade and "Z" bracket attachment method. Steel barrel nuts and spade brackets are securely mounted through the back of wall mount cabinets. All units ship with a steel Z bracket. This bracket is mounted to the wall by field installers. Installers are responsible for selecting and supplying appropriate fasteners for wall conditions.

Units with hinged doors include 95° soft close hinges. Hinges are fully adjustable.

## LAYERS UNITS

All layers runoffs and bridges include a wood box to sit on the low height credenza unit. Layers box includes a protective non-skid strip on bottom edge to protect lower worksurface. Layers units provide 7 3/4" of height difference.

## GLIDES

Glides provide 1 1/8" of vertical leveling adjustment. Glide bottom is durable nonrust nylon.

## DRAWERS

All drawers are constructed of four sides and a bottom, which are attached to a drawer front with screws for easy removal. Drawer fronts feature matched veneer within each pedestal set.

The drawer side material is vinyl-clad particleboard, finished with a roll-coated 7-level UV cured polyester/acrylic finish that provides a high level of chemical and scratch resistance. The drawers are fastened together at each corner with dowel joinery for maximum drawer

strength. The bottom material is a 3-ply substrate consisting of medium density fiberboard core with a melamine face and backer.

Optional leather organization trays are available for all box drawers.

## PULLS

Units are available in a continuous metal pull or an integral wood pull.

The drawer front on credenza and return pedestals overlay the worksurface for an uninterrupted appearance. The drawer front on the desk pedestals are below the worksurface to keep main worksurface clean.

Integral wood pull is on a 35° bevel and provides a seamless wood look to the station.

Continuous metal pull is an anodized aluminum pull available in a dark bronze or champagne silver finish. The metal pull on pedestal fronts aligns with metal pull on 24D closets. The metal pull on overhead doors aligns with metal pull on 18D closets.

## SUSPENSIONS

Credentials casegoods utilizes zinc-coated steel, high-grade drawer suspensions which feature an integrated soft close mechanism. The suspensions are bottom mount and are concealed under the drawer body for a cleaner appearance when opening/closing drawers. Box drawer suspensions are 15" depth full extension and are load rated for 100 lb static load, 90 lb dynamic load. File and lateral file drawers are 18" depth full extension and are load rated for 150 lb static load, 135 lb dynamic load. Lateral files include an anti-tip mechanism that prevents more than one drawer from being opened at the same time.

**HINGES**

Units with hinged doors include 95° soft close hinges. Hinges are fully adjustable.

**FILING**

The file hanging system is an integral part of the drawer. A highly durable black plastic extrusion is securely fastened into a route on the top of the drawer. The plastic extrusion and steel folder rails allow side to side and front to back filing in file and lateral file drawers. The plastic extrusion was designed to promote optimum filing capacity within the drawer while providing a durable, reliable and maintenance free filing system. (See filing capability section for technical information on drawer dimensions.)

**LOCKS**

Silver or black face locks are optional on all desks, credenzas, returns, modular pedestals, and storage units. Each pedestal is independently locked. Lock plugs are either factory or field installed.

**KEYING**

Keying is available either factory or field installed. Factory installed keying offers two options: random or designated. When the random keying option is selected an arbitrary key number will be assigned to the unit. Note: some furniture units may have like key numbers when random keying is selected. When the designated keying option is selected a key number must be specified between 100TAS-150TAS for silver lock core and 100TA-150TA for black lock cores. All keys are solid brass. When the field installed keying option is selected, a lock cylinder will not be included in the furniture unit.

**WIRE MANAGEMENT**

Wire management capabilities include optional worksurface grommets and worksurface troughs. Chassis include wire cutouts in kneewell for seamless wire management between pedestals and adjoining units.

Trough worksurfaces provide a 1" wire management gap on the back edge of the worksurface. An anodized aluminum pencil lip is included with each trough worksurface. The tackzone sits below the worksurface on the top edge of the pedestal end panels. A trough worksurface is REQUIRED for all tackzone applications.

Under worksurface wire managers (Model #ACWM) are sold separately to conceal wires between pedestals. These units house and manage wire horizontally around a station.

Wall access is accommodated in credenza, bridge and return units. Two options are available. (1) No modesty panel provides direct access to wall. (2) The hinged access panel option provides access to the wall as needed, creates a cavity behind the panel to mount a power strip (not provided) and houses cords behind panel. The panel hinges and clips on and off to provide occasional access as needed.

**POWER UNIT**

A power unit may be ordered separately to add integrated power to the station. The unit includes 3 power outlets – 2 power outlets on top surface and 1 power outlet on the end. Ships with 6 ft power cord with standard plug. UL listed.

The unit can be mounted in various applications: 1) to bottom of worksurface beneath grommets, 2) to bottom of worksurface in trough opening, 3) as power strip inside wall access panels or kneespace.

**TECHNICAL SPECIFICATIONS****GROMMET**

3.250" x 5.875" rectangular grommet. Grommet bezel is inset flush to top of worksurface. Includes a hinged door that is on a dampening hinge for smooth open/close. Door material may be specified as wood veneer or back painted glass.

**LIGHTING**

Recessed low-profile LED overhead lighting is standard and INCLUDED in all overhead cabinets. They do NOT need to be purchased separately. LED lighting provides high efficiency, low energy lighting with a long life. All LED light strips are encased in a silver aluminum extrusion and include a built-in microswitch to turn the light on/off. Lights are field installed. All units include a 10' cord with a standard plug. Light temperature is 3200K.

**MONITOR ARM**

Monitor arm is EVO2. Monitor arm is silver finish. Monitor arm can be mounted inside grommet hole, desktop trough, or clamped to edge of desk.

Product specs are listed below:

Vertical range: +/- 5.2" from horizontal

Horizontal range: 18.6"

Rotation: 360° at two joints, 180° from center

Monitor tilt: 90° up, 20° down from center

Monitor pivot: Landscape to portrait

Monitor compatibility: VESA monitor compatible - 75mm & 100mm VESA adapters included

Cable management: Cables are managed beneath arm

Mounting options: Desk clamp, grommet mount, or trough mount

Monitor weight: 7-20lbs

## ACCESSORIES

All accessories include imbedded magnets and can be positioned anywhere on wood tackzone and back painted glass tackzone. The accessories provide quick access to files, pencils, and other work utensils. Units are painted standard white, muslin, and black to match glass colors.

## PERSONAL CORNER + DESKPADS

Personal corners can be used between two perpendicular worksurfaces to create an ergonomic corner for user. Deskpads are used in-line. All units are wrapped in leather or vinyl. The bottom surface has a felt lining to protect the worksurface. The chassis is made from 10-gauge aluminum. Personal corners are 36"W x 12 1/2"D. Deskpads are 36"W x 18"D. Units are designed to fit over 1 1/2" thick worksurfaces. Desk inlays are Dolce faux leather and are available in three colors.

## ORGANIZATIONAL TRAYS

Leather organization trays can be used in box drawers and in cubby of 1H overheads. All units are wrapped in leather. The bottom surface has a protective felt lining.

## STAINLESS STEEL BASE

Stainless steel base units include a brushed stainless base. Unit is constructed of 1 1/2" square stainless steel tubing. Units are fully welded for seamless construction.

Three top options are available – 1) wood top, 2) stone top, 3) back painted glass top. Units with a wood top are rabbetted into base with a 1/2" top exposed on all sides. Back painted glass tops and stone tops include a recessed plywood subtop for glass/stone. Stone tops include a template for stone so it can be purchased locally.

## TACKBOARDS

Tackboards are constructed of 7/8" thick material comprised of a 1/8" thick hardboard glued in between a layer of 3/8" thick pressboard on each side. The fabric is precisely aligned and fitted to the tackboard and adhered to the rigid hardboard with staples.

A trough worksurface is REQUIRED for all tackzone applications.

## BACK PAINTED GLASS

Doors and tackzone back painted glass units are captured by an extruded aluminum mitered frame which is powder coated to match. Frame is 3/4" thick and 1 3/4" high. The frame is low profile allowing only 1/16" visible frame around the perimeter of the glass from the front view. Back painted glass is 4mm thick and is available on doors, and in the "tackzone" of overhead storage. Tackzone glass units are magnetized with a steel backer. These units can also act as a whiteboard with use of dry-erase markers. 6 magnets are included with each magnetized whiteboard.

Worksurfaces and desktop inserts in back painted glass are frameless and are acid etched to eliminate fingerprinting.

A trough worksurface is REQUIRED for all tackzone applications.

## CLEANING BACK PAINTED GLASS

All back painted glass should be cleaned with a soft lint free cloth and non-ammonia based cleaner only.

## FINISH

Natural veneer is subject to nature's quality control. Each species will exhibit differences in grain pattern and tone. This is to be expected and, in fact, contributes to the beauty and individuality of each product. Flat Cut veneers emphasize the variations of wood by exhibiting cathedrals in the grain pattern. Quarter Cut and Rift Cut veneers are a premium cut that maintains variations in the grain but without cathedral patterns. Stratawood is a natural, FSC®-certified reconstituted veneer that is designed to exhibit a straight-grain pattern, absent of cathedrals or other significant grain and tone variations.

Worksurfaces, desktops, and tabletops are protected by one of the world's most advanced UV cured finish coatings, available in Full Fill ClearTech® or Open Pore low sheen finish, applied by state-of-the-art finishing equipment. Both finishes meet the stringent requirements for VOC emissions and air quality. Cured in a specially designed ultraviolet oven, the finish fuses to the wood, forming a durable shield that provides a high level of scratch, stain, chemical, and heat resistance, plus a high level of clarity.

Chassis, storage, overheads, and veneer bases are finished with a 30 sheen, conversion varnish finish.

All colors and species are not available on all products. Please refer to front cover of price lists for availability of finishes.

For the technical specifications see the Finish System Guide & Technical specifications available at [www.gunlocke.com/finishsystem](http://www.gunlocke.com/finishsystem).

## CLEANING FINISH

Regular dusting and occasional cleaning are recommended to maintain your wood finish. To clean, dampen a soft cloth with luke warm water and gently wipe the wood in the direction of the grain. A mild solution of Murphy's oil soap and water may also be used. Avoid cleaners with oil, waxes, or silicones as they may create a hazy look.

Credentials worksurfaces feature two low emitting UV finish options that enhance the beauty of natural wood and ensures the depth, clarity, color consistency and durability throughout the life of the product.

**OPEN PORE UV FINISH**

The Gunlocke Open Pore UV Finish delivers a luxurious look-and-feel, while maintaining a high-level of durability and repairability.

- Open pore finish (natural texture of woodgrain is present)
- 20 sheen
- Solvent based UV cured finish with low emitting qualities
- Open pore finish allows for greater repairability

**CLEARTECH™ FULL FILLED UV FINISH**

The ClearTech™ finishing system is a full-filled UV finish that provides superior durability with strong water, chemical and heat resistance.

- Full-filled finish (provides exceptional depth and clarity)
- 40 sheen
- Solvent based UV cured finish with low emitting qualities
- Superior durability

ACPWRT must be ordered separately  
(shown without door)

**The worksurface trough is integral to the design and configuration of the product.**

- The trough provides a  $1 \frac{11}{16}$ " gap for cords, power access, and monitor arm clamping.
- All trough worksurfaces include a metal pencil lip.
- The tackzone is recessed into trough area – below worksurface level and sits on end panel of pedestal/chassis.
- Plastic Trough Insert is required and must be ordered separately across entire length of trough (see page 101 to order).

**A trough worksurface is REQUIRED in ALL tackzone applications.**

- The trough can be on a single worksurface or span across multiple units.
- In situations where the trough spans multiple units, each individual unit MUST be specified with a trough worksurface.

### HEIGHT ADJUSTABLE WORKSURFACES

Worksurfaces are actual widths. A 1" clearance gap is required for any height adjustable top on all sides. Moving worksurfaces can collide with other components. It is important to ensure free range of motion prior to operating the table. Please contact Gunlocke's Tailored Solutions department (GUNTS) for special worksurface size requirements if standard models do not provide 1" gaps. Adjacent worksurfaces need to be self supporting. A wall mount bracket may be used.

### HEIGHT ADJUSTABLE BASE

Electric height adjustable base unit is available in a 2-Stage lifting column with an offset C-Leg design. The height adjustable base is a compact 2-part lifting column. A lifting column is an electric linear actuator integrated into a stable guide. The sophisticated motor system is completely hidden inside the column. The control box is powered by 110-120V /60Hz. Standby power is 0.1 Watts. Height range is 29" to 45". Lifting columns are rated for 225 lbs. dynamic load per column and are connected to tops using steel support brackets. Pedestals taller than 24 H" when placed under the height adjustable table will limit range in lowest position.

### HEIGHT ADJUSTABLE COMPONENTS

Height adjustable components include:

- Qty (2) height adjustable lifting columns
- Qty (1) control box
- Qty (5) keypad options from basic to premium
- Qty (2) cables connecting lifting columns to control box
- Qty (1) standard plug power cable to connect control box to power source

Profile:

**EXAMPLE A**

**EXAMPLE B**

Trough insert is required across the entire length of trough.

**EXAMPLE A:** 108" back edge of credenza = 108" Trough Insert

**EXAMPLE B:** (72" back edge of return) + (36" LH end of desk) - (6" Desk overhang) = 102" Trough Insert

**NOTE:** overhang only needs to be deducted from overall length for single pedestal desks

**PRODUCT INFO**

Trough insert is black plastic

**TO ORDER PLEASE SPECIFY THE FOLLOWING:**

## PRODUCT INFO

TO ORDER PLEASE SPECIFY THE FOLLOWING:

1.  **MODEL NUMBER**
2.  **FINISH**
3.  **TOP UV FINISH TYPE**
4.  **GRAIN DIRECTION**
5.  **GROMMET**
6.  **OFFICE #**

See set 1 below for grommet option codes

**No Grommet GN**  
 Left **GL (Add +\$191)**  
 Right **GR (Add +\$191)**  
 Both **GB (Add +\$382)**

**Add grommet bezel color and door finish to complete option pick.**

**SV** = silver bezel, veneer door  
**BV** = black bezel, veneer door  
**WG** = silver bezel, white glass door  
**BG** = black bezel, black glass door  
**MG** = silver bezel, muslin glass door

**Example: GLSV = left grommet, silver bezel, veneer door**

See inside front cover for required option codes

FABRIC

- Dimensioned from full height trough worksurface to bottom of overhead.
- A trough worksurface is required for ALL tackzone.
- Tackboards listed on this page are all standard "railroad".

**PRODUCT SPECIFICATIONS:**

**STANDARD**

The fabric on all Gunlocke tackboards is applied in a railroad fashion.

- Tackboard widths less than or equal to 96" are one piece
- Tackboards greater than 96" are two piece and the fabric is pattern matched
- When ordering individual wall mount tackboards to be placed side by side, the fabric pattern will be random matched. If a fabric pattern match is required, contact Gunlocke Bid/Quote for a special quote.

**SPECIAL**

Fabric applied "up the roll" is a special application. Please see guidelines below and contact Gunlocke Bid/Quote for a special quote.

- Fabrics used on tackboard 48" and under in width can be applied "up the roll"
- Tackboards greater than 48" in width can only be applied railroaded, due to fabric height limitations

**PRODUCT INFO**

See yards listed above for COM fabric requirement

102, 108, and 120 wide tackboards are 2-piece

**TO ORDER PLEASE SPECIFY THE FOLLOWING:**

1.	<input type="text"/>	<b>MODEL NUMBER</b>
2.	<input type="text"/>	<b>FABRIC</b>
3.	<input type="text"/>	<b>FSC TACKBOARD</b>
4.	<input type="text"/>	<b>OFFICE #</b>

**FSC Tackboard Options:**

**FSC** = FSC Required (+5% COM upcharge)  
**NR** = FSC Not Required

**COM FABRIC REQUIREMENT**

All COM must be shipped prepaid to Gunlocke with package side marked with:

- Dealer Name
- Dealer Purchase Order Number
- Gunlocke Pattern Number

See inside front cover for required option codes

- Dimensioned from trough worksurface to top of 2 high overhead (or 6 high storage)
- A trough worksurface is required for ALL tackzone.
- Tackboards to top of 1H overheads are standard "railroad". Tackboards to top of 2H overheads are "up the roll".

**PRODUCT SPECIFICATIONS:**

**STANDARD**

The fabric on all Gunlocke tackboards is applied in a railroad fashion.

- Tackboard widths less than or equal to 96" are one piece
- Tackboards greater than 96" are two piece and the fabric is pattern matched
- When ordering individual wall mount tackboards to be placed side by side, the fabric pattern will be random matched. If a fabric pattern match is required, contact Gunlocke Bid/Quote for a special quote.

**SPECIAL**

Fabric applied "up the roll" is a special application. Please see guidelines below and contact Gunlocke Bid/Quote for a special quote.

- Fabrics used on tackboard 48" and under in width can be applied "up the roll"
- Tackboards greater than 48" in width can only be applied railroaded, due to fabric height limitations

**PRODUCT INFO**

See yards listed above for COM fabric requirement

**TO ORDER PLEASE SPECIFY THE FOLLOWING:**

1.  **MODEL NUMBER**
2.  **FABRIC**
3.  **FSC TACKBOARD**
4.  **OFFICE #**

**FSC Tackboard Options:**

**FSC** = FSC Required (+5% COM upcharge)  
**NR** = FSC Not Required

**COM FABRIC REQUIREMENT**

All COM must be shipped prepaid to Gunlocke with package side marked with:

- Dealer Name
- Dealer Purchase Order Number
- Gunlocke Pattern Number

**See inside front cover for required option codes**
