Summit™

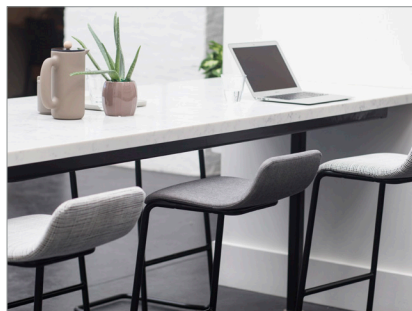

# Lightweight Agility for Open Spaces

Increased individual and group activities carried out in modern, shared spaces require a certain degree of flexibility, privacy, and functionality. The Townhall™ Collection, with products like Summit, create sought-after, active enclaves that support multiple work modes and the changing postures necessary for individual or team work.

## SUPPORTS MOTION

A low back, rolled front edge, and convenient foot rest encourage perching, leaning, and fidgeting movement for comfort.

## REDUCES VISUAL NOISE

The unique and minimal two-leg design brings a clean aesthetic to diverse shared environments.

## CONSERVES SPACE

Summit is easy to relocate, assists with rapid reconfiguration, and stacks three high to save space when not in use.

## QUIETLY CREATING USER COMFORT

Summit is a two-legged, lightweight stool that declutters the visual landscape with its versatile, stackable design. The gentle rocking motion allows users to find the perfect and most productive sitting posture.
