Rock™

Rock designed by Rainlight Design Studio

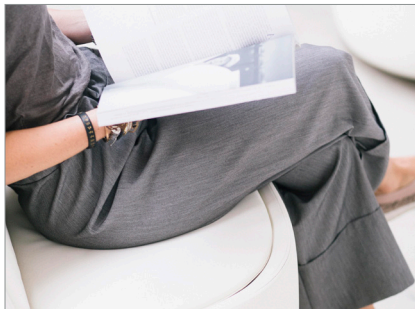

SOLVING FOR RESIDENTIAL SENSIBILITY WITH WORK GEOMETRY™

Celebrating fidget behavior, Rock's unique shape supports an upright posture preferred for work with a rocking base that encourages action and motion.

Designed with Motion in Mind

Increased individual and group activities carried out in modern, shared spaces require a certain degree of flexibility, privacy, and functionality. The Townhall™ Collection, with products like Rock, creates sought-after, active enclaves that support multiple work modes and the changing postures necessary for individual or team work.

WORK FIRST, RELAX SECOND

Rock eliminates static postures, supporting well-being and allowing users to work first and relax second with its fun, rocking motion.

FIDGET-FRIENDLY FURNITURE

The angled seat combined with a playful fidgeting motion is a modern hybrid of the bean bag and rocking chair and creates an award-winning “work rocker.”

ON THE MOVE

A durable shell and integrated pull handle allow user control in deciding where to work or relax.

Rock Statement of Line

Soft Rocker
