Functional Design

Today, active spaces must adapt to everyday needs. The Aware collection is a mobile solution that includes tables, credenzas, boards, and a lectern.

Versatile Environments

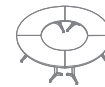

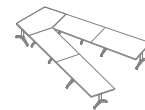

You can easily create a flexible learning space, a productive team project room, or bring your ideas to life in a café. Whatever your needs, this collection creates a conversational setting.

Serve Your Space

Sometimes, work areas require multiple transformations in a single day. The Aware collection allows you to easily configure the space you need now, then rearrange to create the space needed later.

Quickly reconfigure the Aware collection and transform the space to meet the day's demands.

Configure each credenza section with shelves, drawers, recycling bins, or a pull-out A/V rack.

Recycle credenza allows you to label waste bins for different functions (waste bins purchased separately).

The lectern worksurface pocket provides hidden storage space.

Writable and tackable boards feature a wide base for easy mobility. The design allows for space-saving nesting and storage.
