# LIV SEATING

Design by IDA DESIGN | Principal MITCH BAKKER

## LIV SPACES

These applications demonstrate the robust range of the LIV seating collection for meeting the needs of the adaptable workplace. From guest seating, to group settings, to open gathering areas; LIV delivers style, functionality, and versatility.

### COLLABORATIVE SPACE

High-performance teamwork requires comfort, both physical and visual. LIV seating offers the styles, colors, functionality, and performance for effective collaboration.

### ENCLOSED OFFICE

When selecting veneers or complementary upholstery, LIV provides guest seating every bit as attractive as the worksetting and its furniture.

### COMMUNITY/CAFÉ

The choice of the LIV chair, bar-height, and counter-height stool options illustrates the possibilities for integrating attractive seating across a range of needs.

### LEARNING/TRAINING

Without question, a space can contribute to knowledge transfer, and LIV seating makes its contribution with both style and efficiency.
