

SILEA^{EH}

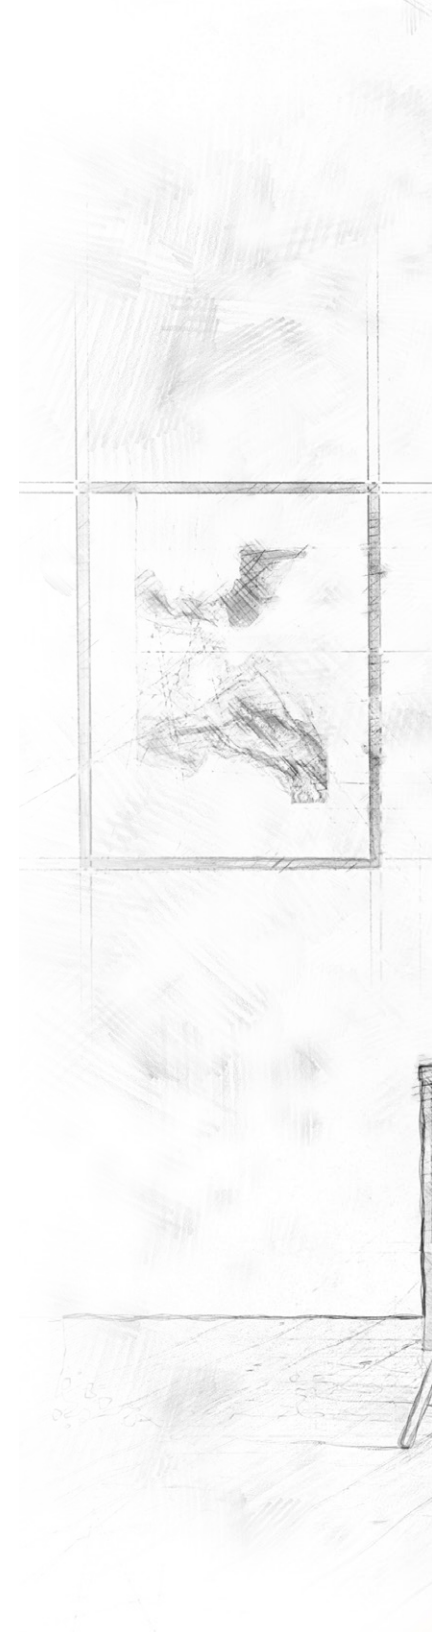

DESIGN GUIDE

designing with SILEA^{EH}

Silea^{EH} is designed with an amazing array of new products and an enhanced range of styles, leg and foot options, materials, and finishes. We've expanded functionality, with height adjustability, technology management, and components to facilitate collaboration. The collection is stylish and agile, easily adapting to private offices, enclosed team spaces, and open settings. And because Silea^{EH} is so scalable, it works within a smaller office footprint. As always, every detail is considered and constructed with Gunlocke craftsmanship.

Integrate style, blend functionality and applications, and add exceptional features. Designing with Silea^{EH} magnifies your creativity.

choose your STYLE

Style profiles.

Silea^{EH} is composed of carefully curated and compatible material and finish options to embrace diverse styling choices. Its versatility even extends to meeting the challenges of smaller space allocations while enabling design solutions with exceptional functionality and an unmatched array of finish options. One platform. Many choices. Unlimited outcomes.

SLEEK SOPHISTICATION

MODERN SIMPLICITY

ESSENTIAL ELEMENTS

workplaces are CHANGING...

Choice, unlocked. Design potential, expanded.

Silea^{EH} unlocks more choice and more potential across the evolving workplace floorplate. The workplaces of today and tomorrow include a variety of space types to accommodate people's preferences and functional needs. These spaces may be designed for individual heads-down concentration, or for team collaborations, or for less-formal community gatherings. Silea^{EH} has you covered.

INDIVIDUAL

COMMUNITY

TEAM

INDIVIDUAL spaces

Unlock enclosed spaces.

Release the full potential for concentration and more private worksettings in today's office.

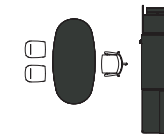

Silea^{EH} offers the flexibility to create enclosed offices, or even more open dedicated settings that signal sophistication and support personal performance. The scalability and range of choices is unmatched.

INDIVIDUAL spaces

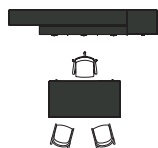

APPLICATION VERSATILITY

A setting for concentrated work that displays, stores, and leverages enclosed spaces for solo work as well as meeting with others.

TEAM spaces

Configured agility.

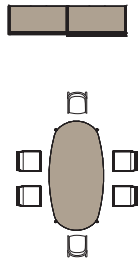

Silea^{EH} matches the needs of today's workplace.

The collection is adaptable for enclosed team spaces as well as open settings, evolving with the needs of each group. Silea^{EH} adeptly supports a team for any duration... a day, a week, a month... enhancing the creative process with the integration of writable and tackable surfaces. Easy access to technology for idea sharing and video conferencing brings additional effectiveness.

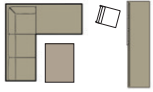

APPLICATION VERSATILITY

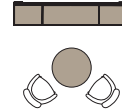

A changing workplace requires furniture that supports new ways of working, balancing the needs of individual work and collaboration. The freestanding WorkWall brings it all together.

COMMUNITY spaces

Flex your office.

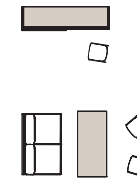

Make the most of multi-functional spaces with multi-purpose configurations. Suddenly, a common area becomes a project center or a meeting space that accommodates impromptu conversation and a space used to solve problems. These spaces provide a wide range of functionality and aesthetic excellence to welcome more spontaneous assembly throughout the workplace. Comfort and agile tools converge in spaces that blend style and performance.

COMMUNITY spaces

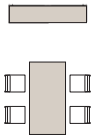

APPLICATION VERSATILITY

Comfort and functionality combine with inviting shapes, creating a place for fellow workers to quickly gather, collaborate, and create.

FEATURES & functionality

Powering performance.

Silea^{EH} from Gunlocke delivers the features and functionality that you expect for today's workplace.

COMPLEMENTING MATERIALS

Blend painted surfaces with the rich appeal of wood. Select from a variety of options that harmonize and adapt to create a unique design aesthetic.

STORAGE AGILITY

Select from storage components that align with your specific configuration needs. Standard soft-close doors and drawers deliver the quality you deserve and expect.

TACKZONES

Tackboard, magnetic, and writable surfaces further enhance functionality and user choices for any application. Specify to-the-floor options to increase collaboration in any space.

HEIGHT ADJUSTABILITY

Thoughtfully nested mechanisms for height-adjustable worksurfaces ensure attractive wellness options and deliver quiet and smoothly functioning electric adjustments.

FOOT OPTION

The vertical foot expands the options for planning and style preferences. Select your ideal storage configuration to complement your design statement.

PULLS & EDGE DETAILS

Select from five edge details and seven pull options to design a worksetting that reflects your design. The Silea pull position can be determined at the time of installation.

CHOOSE your base

Set the stage for the aesthetic and functionality. Give every worker their choice of workspace with thoughtful design intention that adapts to individual workstyles.

STYLE Choices

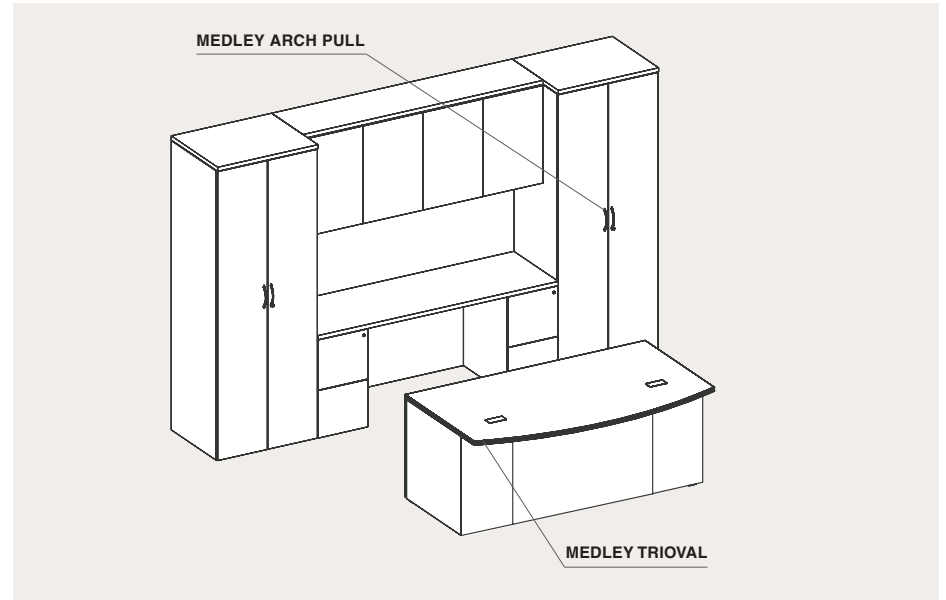

Creative configurations.

The Silea^{EH} collection brings an unmatched range of possibilities for blending aesthetic signatures with functional horsepower. The carefully curated and compatible material and finish options embrace the diverse style profiles and enable design solutions with exceptional functionality. Beauty meets performance.

Sleek Sophistication

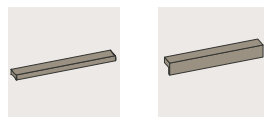

The versatility and creative integration of these components supports a variety of workplace configurations. This stunningly attractive profile is an invitation to productive work, and Gunlocke casegoods extend that welcome like no other. Choice, unlocked. Design potential, expanded.

Classic Character

An array of features and options enable these casegoods to combine efficiency and style. Create a workplace that articulates classic elegance but also includes the latest in performance, including height adjustability.

WORKWALLS

GATHER AND CREATE

WorkWalls include wall mounted, wall mounted with access panels, stack-on, and freestanding versions. Incorporating both a collaborative side and a personal side, WorkWalls utilize a back-painted glass sliding door that can serve as a whiteboard and be secured with a digital lock.

The application potential of the Silea^{EH} WorkWall supports productive group work or an office for one. When the needs shift or when the owner is away, it transforms the space to serve high-performing spaces.

LOUNGE-LEVEL MEDIA

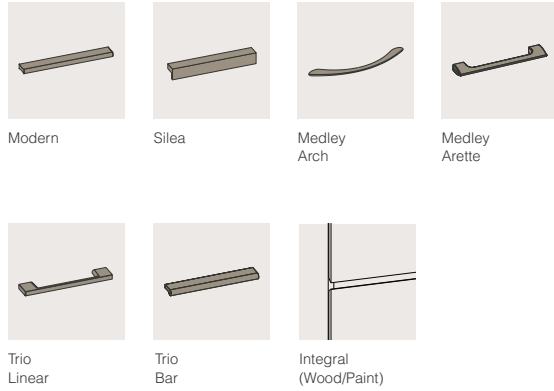

PRESENT AND COLLABORATE

The lounge-level media unit brings the tools down to exactly where you need them. Use it to view a screen or write on the marker board surface. It's functional on both sides.

ACCESSORY details

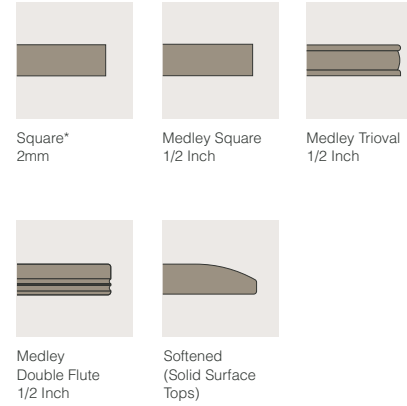

Silea^{EH} provides versatile storage features, including convenient options for pull orientation and drawer configuration. The accessory drawer includes convenient internal compartments crafted with Gunlocke quality.

PULLS

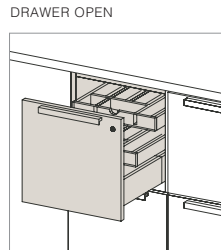

All metal pulls are available in Black and Silver.
Modern and Silea pulls are available in all five metal finishes.

EDGE DETAILS

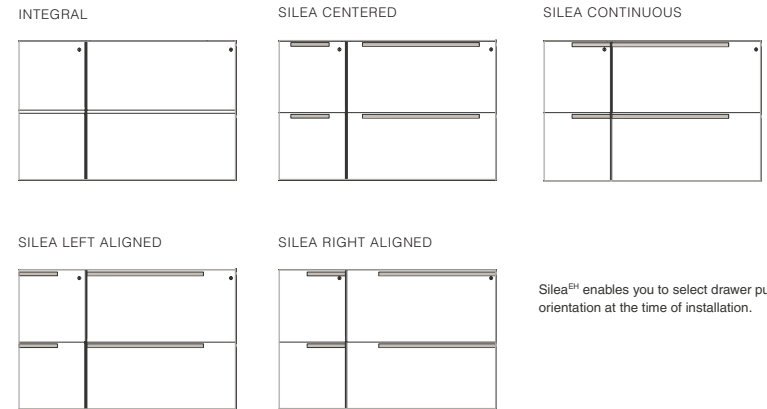

*Laminate only available in Square 2mm edge detail.

ACCESSORY DRAWER

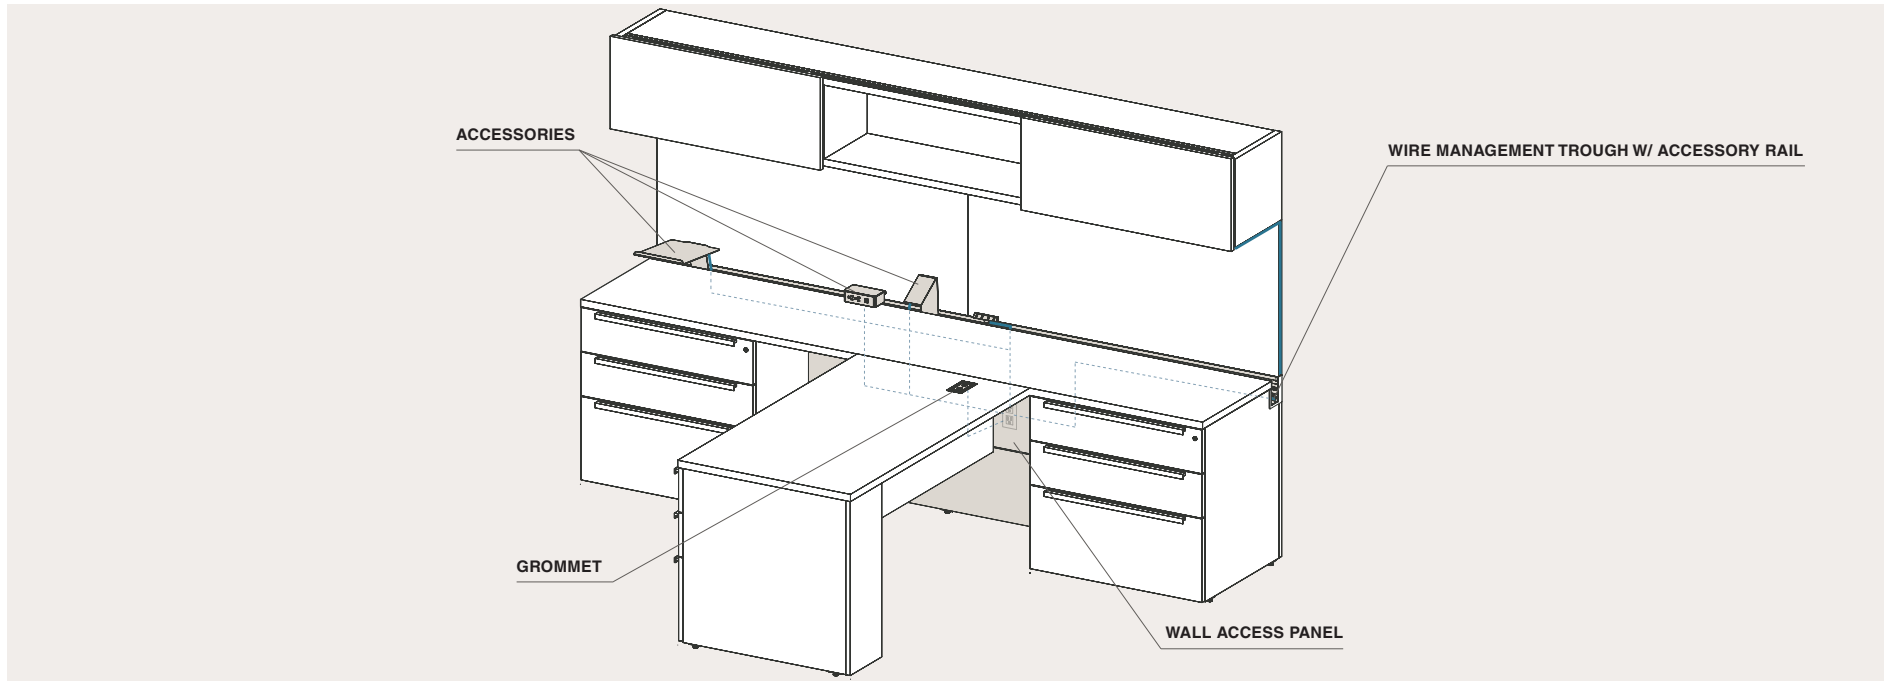

PULL ORIENTATION

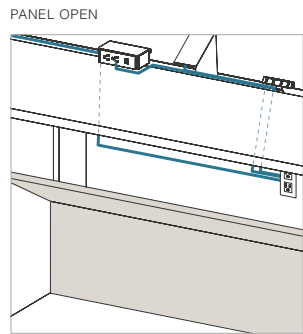

Silea^{EH} enables you to select drawer pull orientation at the time of installation.

WIRE management

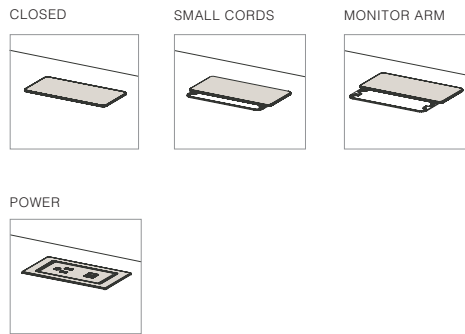

Silea^{EH} thoughtfully channels and conceals wires and cables using a streamlined trough feature. Easy wall access and conveniently placed grommets deliver your power and data.

STORAGE elements

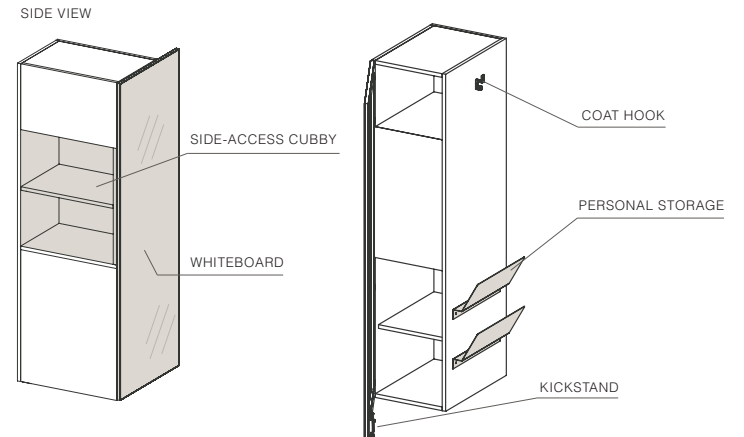

Silea^{EH} storage options provide a range of solutions from side-access towers, to storage closets, to overhead cabinets and surface-mounted components. Maximize space and usage in drawers that also provide guest power. A mix of open and closed storage provides the range and details you need to customize any application.

STORAGE LOCKER

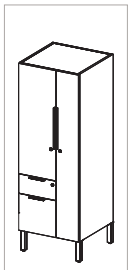

FOOT options

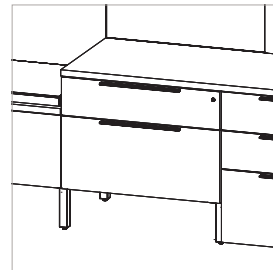

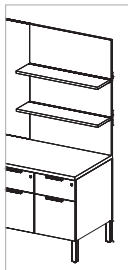

Choose components with the foot option to create a distinct design, enabling the creative coordination of finishes and the overall aesthetic.

SPECIFYING FEET

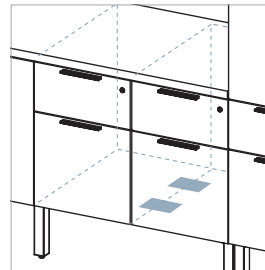

Corner Foot Kits are used on storage units or the four outside corners of a modular station.

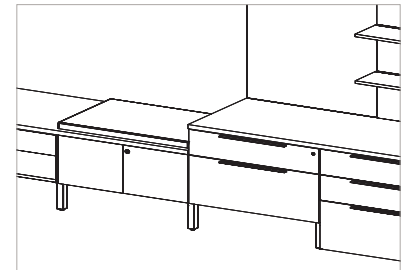

Inline Foot Kits are used at the seams of adjacent pedestals of a modular station.

GANGING UNITS

When planning with two or more 15" or 18" pedestals, pedestal ganging kits may be used. Reference the price and specification guide for more details.

ADAPTABLE AESTHETICS

Incorporate pedestals that accommodate storage and aesthetic preferences. Silea™ offers a wide range of storage options that provides a mix of open and closed units and maximizes space usage in drawers. Configure storage to support functional and design requirements for any application across the floorplate.
