“Inspiration exists, but it
has to find you working.”

PABLO PICASSO

Inspiration is a powerful part of life.

Inspiration doesn't always show up unannounced. You have to seek it out, chase it down, and make it yours. Becoming inspired is the result of personal discovery, which requires experiencing the beauty in the world.

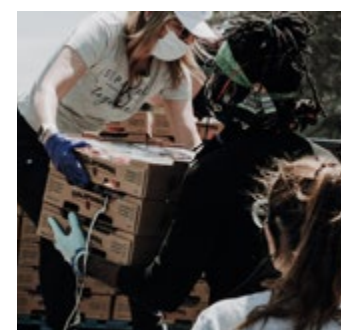

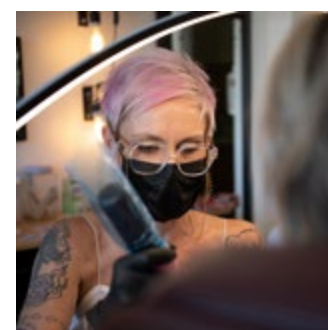

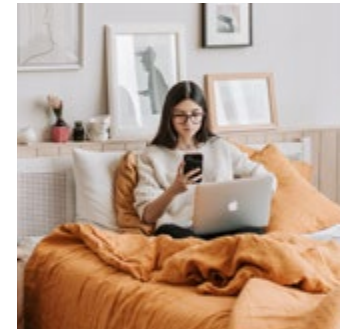

We're amazingly inspired by what's ahead—how it will make us feel more alive, energetic, connected, and hopeful.

“People with great passion can make the impossible happen.”

Work Zones

- 1. **Collaborative Work Zone**: Open-plan office area with high-top tables and stools, ideal for team meetings and brainstorming.
- 2. **Individual Work Zone**: Quiet areas with private desks and ergonomic chairs for focused work.
- 3. **Meeting Zone**: Dedicated spaces for formal meetings, including conference rooms and smaller meeting pods.
- 4. **Relaxation Zone**: Informal spaces like lounge areas and break rooms for employees to rest and recharge.
- 5. **Learning Zone**: Spaces designed for training, workshops, and skill development.
- 6. **Wellness Zone**: Areas that promote physical and mental health, such as yoga studios and meditation rooms.

Alsteel

Work Geometry

Work Geometry is the science of how we work. It's about creating a workspace that supports the way we think, feel, and interact. By understanding the different ways we work, we can design a workspace that is more productive, comfortable, and enjoyable.

Alsteel | Outlook

Support IT Engineer User-Multiplatform Experience

Support IT Engineer User-Multiplatform Experience is a comprehensive solution for IT professionals who work across multiple platforms. It provides a unified interface for managing all your IT tasks, from user management to system monitoring. This solution is designed to be intuitive and easy to use, so you can spend more time on your work and less time on IT.

Alsteel

Work Postures

The activities that workers participate in collaborative and cafe areas will likely be different than those that take place at the dedicated computer workstation.

Relaxed: Standing at a high-top table, ideal for casual conversations and quick decisions.

Engaged: Sitting at a table, ideal for focused work and collaborative problem-solving.

Collaborative: Sitting on a bench or low table, ideal for group discussions and brainstorming.

Sharing workplace insights

Alsteel

Share your seat.

- Sit or work and then intelligently stand because it's too hot?
- Feel that an ottoman is a great feature you needed to be close to the table?
- Had a "fun seat" only that was only comfortable for one person?
- Had a stool paired with a table at the wrong height?

Work Geometry in Action: Our furniture is designed to be flexible and adaptable to your needs. Whether you're looking for a quiet workspace or a collaborative area, we have the solution for you.

Alsteel

Distributed Work: It's key to an effective workplace strategy

Distributed work is a key component of an effective workplace strategy. It allows employees to work from anywhere, at any time, and on any device. This flexibility is essential for attracting and retaining top talent, especially in a competitive market. By embracing distributed work, you can create a more inclusive and productive workplace.

Alsteel | Outlook

Office Set Up

Office Set Up: The way you set up your desk can make a big difference in your productivity and comfort. Consider the height of your desk, the position of your chair, and the placement of your monitor. A well-designed office set up can reduce strain and improve focus.

Alsteel | Outlook

Multiquip Inc. CLIENT STORY

Multiquip Inc. is a leading manufacturer of construction equipment. They wanted to improve their office environment to support their growing workforce. We designed a modern, collaborative workspace that includes high-top tables, ergonomic chairs, and flexible seating options. The result is a more productive and enjoyable work environment.

Alsteel

Building an effective, flexible distributed work strategy

People: Focus on employee well-being and productivity. Provide flexible work options and support work-life balance.

Technology: Invest in secure and reliable technology solutions that enable remote work and collaboration.

Place: Create a workspace that is flexible, comfortable, and supports different work styles and activities.

Alsteel

Understanding Applications

Table Height Application	Considerations
Occasional 27" - 28" Working Area: Casual conversations, quick decisions, brainstorming.	• Ideal for quick decisions and brainstorming. • Requires a high-top stool for support.
Engaged 28" - 32" Working Area: Focused work, collaborative problem-solving.	• Ideal for focused work and collaborative problem-solving. • Requires a high-top stool for support.
Collaborative 28" - 32" Working Area: Group discussions, brainstorming.	• Ideal for group discussions and brainstorming. • Requires a high-top stool for support.
Relaxation 28" - 32" Working Area: Informal conversations, quick decisions.	• Ideal for informal conversations and quick decisions. • Requires a high-top stool for support.
Learning 28" - 32" Working Area: Training, workshops, skill development.	• Ideal for training and skill development. • Requires a high-top stool for support.
Wellness 28" - 32" Working Area: Yoga, meditation, relaxation.	• Ideal for promoting physical and mental health. • Requires a high-top stool for support.

Alsteel

Three key questions

Why? Why are we here? Why are we doing this? Why are we doing this? Why are we doing this?

What? What are we doing? What are we doing? What are we doing? What are we doing?

How? How are we doing it? How are we doing it? How are we doing it? How are we doing it?

Alsteel | Outlook

Balancing Efficiency and Effectiveness

Balancing Efficiency and Effectiveness: It's about finding the right balance between speed and quality. Efficiency is about doing things right, while effectiveness is about doing the right things. By balancing the two, you can achieve better results in less time.

Alsteel

Creating Clearance

Clearance is the space around a table or desk that allows for easy movement and access. It's important to consider clearance when designing a workspace to ensure it's functional and comfortable.

Occasional: 27"-28" table height, 18"-20" clearance for legs.

Engaged: 28"-32" table height, 18"-20" clearance for legs.

Collaborative: 28"-32" table height, 18"-20" clearance for legs.

Relaxation: 28"-32" table height, 18"-20" clearance for legs.

Learning: 28"-32" table height, 18"-20" clearance for legs.

Wellness: 28"-32" table height, 18"-20" clearance for legs.

Alsteel | Outlook

Wellness Considerations for Working from Home

Wellness Considerations for Working from Home: Working from home can be a great option, but it's important to take steps to maintain your health and well-being. Consider ergonomics, lighting, and taking breaks to stay productive and healthy.

Don't just work. Work inspired.

At Allsteel, we believe and are committed to the idea that when workplace design is purposeful and honest, the result is inspiring.

Allsteel is about connecting, learning, shaping experiences, and enabling companies and employees to become the best versions of themselves. It's about blending what's pragmatic with what's possible for better comfort, productivity, efficiency, and collaboration.

Every day, we bring out the best in places and people, because the potential of both are undeniably intertwined. By doing this, we don't just help employees work. We help you Work Inspired.
