Aspect™

Smart Simplicity

The Aspect frameless glass wall system is an elegant solution that creates offices and conference rooms through openness and visual transparency while maintaining acoustical privacy. Continuous low-profile trim seamlessly outlines the exterior of each element, and a variety of glass, door, hardware, and finish options provides choice in crafting a unique brand story.

Thoughtful Design

System components are intentionally designed to fit and function cohesively, which ensures installation consistency and ease.

Low-profile trim maintains a continuous reveal.

Front-loading glass levels within the base channel.

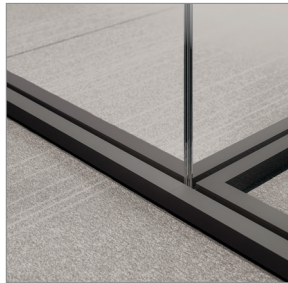

Corner-block sections create smooth transitions within spaces.

Sophisticated Solutions

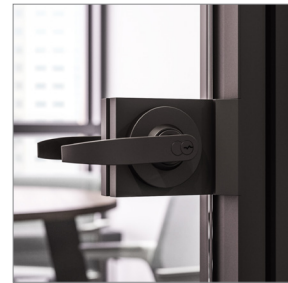

Aspect facilitates collaboration while sensitive information stays private and workers feel validated and appreciated.

Soft-closing doors provide minimal disruption and impact.

Pre-mitered connections ensure a tight sound seal.

Optional locking-door levers offer additional privacy.

The Choice is Yours

Create functional spaces filled with natural light that capture and enhance organizational culture.

Integrate mullions for added visual space division.

Sliding-door ladder pulls are available in various sizes.

Choose from a variety of paint colors to customize your space.
