Tim Buchenberger

Rick Joutras

In collaboration with HON, the QDesign team of Tim Buchenberger and Rick Joutras created seating scaled not only for comfort but also for ease of space planning. "Our goal is to create meaningful pieces that enrich the user experience," says Joutras. As a result, West Hill is soft but structured, with "lived-in" details that feel at home anywhere in the modern office.

Features

West Hill Casual Lounge

Rich upholstery detail is West Hill's calling card. The tuxedo design lends itself to both a transitional and casual aesthetic while providing many optional features.

Pillow Cushions

The Pillow Back option has a casual aesthetic and allows you to lean back with ease.

Standard Cushions

The square, welted cushion of the Standard Back creates a contemporary look while providing supportive comfort.

Contrasting Fabric

The Contrasting Fabric option allows you to select up to three fabrics—specify a different color or pattern for the frame, seat, and back cushions.

Throw Pillows

Available in a Square or Lumbar version, adding throw pillows offers extra comfort and a pop of personality.
