

Make your space work.

Tangram™ Educational Seating Fact Sheet

Where Learning Takes Shape

Top Features

- Tangram offers a full solution of functional education seating with 27 configurable shapes and size options
- Students can discover unique ways to connect outside of the traditional classroom with Tangram's endless configuration opportunities, soft upholstered comfort, energetic color, and built-in power capabilities
- Tangram has the remarkable ability to stimulate the learning process through movement while encouraging students to create a study or socialization space that is all their own
- High- or low-back choices offer a unique array of options for relaxed socialization or study
- Tangram offers a raised plinth base and high-performance fabric options that support student use and activity throughout the day, making cleaning a simple task

Where It Works

- Tangram is designed to furnish a solution for all education settings, whether that be large scale layouts for open environments, small scale units for classrooms, or modular pieces for tiered seating – it is the missing puzzle piece that provides a unique learning space for every student
- From common areas to libraries to breakout spaces, students can maximize shared learning spaces by creating the optimal study space with Tangram's integrated power options and durable easy-to-clean worksurfaces
- With ever-changing learning and teaching styles, Tangram promotes flexible and functional spaces away from the traditional classroom

Product Details

- A compatible line that includes Ottomans, In-Line Tables, Story Steps, and Modular units
- Story Step units can be mixed and matched to create multi-level tiered learning layouts
- Available in high- or low-back models
- High-back models create a quiet space without losing sight lines for educators
- In-Line Tables provide a durable and integrated power worksurface that allows quick detachment of the laminate top for ease in cleaning
- Flexible and easy-to-use ganging brackets keep units aligned in active environments
- Metal bases keep upholstered units off the ground for simple cleaning and include adjustable leveling glides
- Digital learning is just a plug-in away, with optional built-in power options
- Fun mobile Poufs, available at two heights, make the most of a space by adding another seat for a friend
