Benching

# Connecting the way people work.

## Setting the benchmark for success.

Everyone could use a boost from time to time—support to help you reach your full potential. Your conduit to confidence? Empower. This dynamic benching system gives everyone the freedom to work their own way. With smart height adjustability and integrated technology, Empower offers more personal space, enhanced adaptability, and collaborative capabilities that keep busy people connected and productive.

## Take it up a notch.

Who says you can't do it all? Empower's height-adjustable bases take benching to the next level. Sit tight for heads down focus or stand tall to collaborate with your co-workers—the choice is yours. Plus, with tidy wire management that routes power below the worksurface—regardless of height—anyone can amp up their organization and surface real estate.

## What you need, where you need it.

Need a bit of privacy? Empower offers screens that define personal space without sacrificing meaningful connection when you need it the most. And with convenient access to power and technology—all managed neatly within the system’s wire trough—you’ll never have to wonder where to connect.

**A. DIVIDE & CONQUER**  
Available in fabric, laminate, PET, metal, or frosted glass, privacy screens are a smart way to stay focused and productive.

**B. END OF THE LINE**  
Divvy up space and create additional privacy with end of run panels.

**C. A CALL TO ARMS**  
Add single or dual monitor arms to free up desk space and encourage an optimal view of your work.

**D. UNDER NEW MANAGEMENT**  
Keep cord chaos to a minimum with an innovative vertebra designed to manage wire bundles.

**E. POWER MOVE**  
Plug modules into the duplex located in the trough and attach them to the worksurface for easy access to power.

**F. POWER PLAY**  
Take your pick. Power an entire benching configuration from the ceiling or the floor with wire management options to suit either.

**G. DOWN TO THE WIRE**  
As the main electrical artery, power and data cables are laid into the trough.

## Easy on the eyes.

Whether you're partial to vibrant color or favor the traditional look of woodgrain, Empower offers an impressive array of laminate and paint finishes to inspire creative expression or help celebrate your organization's brand identity.

Make your space work.
