Ignition[®]

Seating

The perfect fit.

Designed Around You, And You, And You

You are one of a kind. So shouldn't your chair be designed with that in mind? We think so. Not only does Ignition fit your height and weight to a tee, it offers sophisticated materials for pinpoint comfort just where you want it. With a great mix of back heights, colors, and styles to choose from, it works everywhere. Just like you.

Shown with Abound® workstations.

Mesh Back

Mesh Well Together

The 4-Way Stretch mesh flexes in every direction to dynamically move with you for a softer, more personal fit. Whether it's a waterfall mesh seat to reduce pressure points or a mesh back for enhanced breathability, Ignition's got you covered. Because we all know the best ideas happen when you really stretch yourself.

ReActiv® Back

Be Proactive With ReActiv

Look good and feel even better. Ignition's ReActiv back design delivers zonal comfort to perfectly balance the right amount of support.

Shown with 10500 Series™ desk.

Flexible Inner Structure
Provides targeted support and superior comfort within the slim silhouette of Ignition 2.0

Upholstered Back

A Material World

Weave in comfort with style when you choose an Ignition upholstered chair. The 2.0 slim-profile chair, with an optional adjustable lumbar, cradles your back to provide support without the bulk. The original Ignition models feature quick-adjust backs that change to six vertical positions.

"Ignition has been a bestseller for years, so when evolving it to meet today's needs, we didn't want to lose the elements that have made it so successful. Instead, we added new comfort adjustments, 4-way stretch mesh options and other enhancements that made it an even better fit for the new work day."
