

Birk™ - Simple. Social. Tables. Fact Sheet

Top Features

- Birk tables are a modern table solution used within collaborative spaces that are highly durable and compatible with HON's soft-seating and booth collection, Astir™, in addition to other lounge, multi-purpose and café style seating.
- Birk enhances small group collaborative meetings as a seamless, non-distracting gathering point that brings people together.
- Birk's minimalistic design combined with HON's comprehensive finish options ensures a clean, sleek fit in any working space.
- Birk is durable, easy-to-specify, and offers necessary sizes to fit within cafes, small group collaborative spaces, and lounge areas.

Where It Works

- With a sophisticated design aesthetic, Birk tables offer relevant, seamless, and functional solutions for lounge, collaborative, café areas, and third workspaces.

Product Details

- Birk offers five top shapes including round, square, soft square, booth, and soft rectangle.
- Top shapes are available in knife or flat edge.
- Round, square, and soft square tops are available in 30", 36", and 42"W. Booth and soft rectangle tops are available in 56"W x 36"D and 84"W x 36"D.
- Birk tops are available in durable, wear-resistant HON standard laminates.
- The bases are available in five heights including 18", 27", 29", 36", and 42" and a variety of textured paints.
- The heights provide solutions for coffee tables, working lounge tables for booths and other soft seating lines, in addition to standard seated, counter and standing height tables.
- Birk bases are single or double pedestal metal bases with a flat, soft square base.
- The Birk personal table is 17"W x 15"D x 28"H, available in the standard HON laminates and a variety of textured paints. It provides workspace support in lounge areas.
- Birk tables pass ANSI/BIFMA and HNI standard quality and durability tests.
- All tables are backed by HON's Full Lifetime Warranty.
