ADDITIONAL NOTES

Fabric Lead Time Guidance

Please check the additional fabric details below and our online fabric resources at <https://www.allsteeloffice.com/design-resources/surface-materials/textiles?brand=Gunlocke> for guidance. If delivery date is more important for your project than a specific fabric, please select an alternate via the recommendations below or refer to the diamond symbols by fabric options on our website.

Availability Guidance

◆ Fabric is readily available

Exceptions: No Extensions	Recommendations:
----------------------------------	-------------------------

◇ Fabric is available within normal product lead times

Exceptions: Seating Textile Seed, all colorways Extended 9-10 Weeks	Recommendations: Seating Textile Seed, all colorways, lead times will be extended to 9-10 weeks. If lead time is critical, select a different ◆ or ◇ fabric. Recommended Replacements can be found below.
--	--

◇ Fabric lead time may extend beyond product standard lead times

Exceptions: Seed Textile, all Colorways is now ◇	Recommendations: If lead time is critical, select a ◆ or ◇ fabric.
---	---

Large Quantities

Lead times shown are for orders of 10 offices and fewer (10 casegoods suites, 10 conference tables, 10 swivel chairs, 20 guest chairs, 10 lounges). Lead times for more than 10 offices must be confirmed with customer service.

Options selected may extended product lead times.

Details on option-based lead times can be obtained by generating a quote in Compass.

Tailored Productes and Mock-ups

For tailored products (specials) and mock-ups, lead times may vary depending on custom parts (e.g. aluminum doors, laminate tops, aluminum extrusions etc.) Please refer to your custom quote for the added lead time if applicable.

Western Shipments

Please add an additional week to leadtimes on all Texas and West Coast shipments.

Credentials

Credentials product is grain matched in production. Since mis-specifications can result in unmatched product, we require all Credentials orders to go through a design audit before the order is released. The lead time will begin once the audit has been approved. To prevent delays, please submit 2D and 3D typical drawings to credentialsaudit@gunlocke.com at time of order entry. The design audit can also be submitted prior to order entry through Gunlocke Advantage.

FOR THE MOST UP-TO-DATE LEAD TIMES, ALWAYS REFER TO [COMPASS](#)
