Wedge™

Wedge designed by **Rainlight Design Studio**

CARVING OUT A SLICE OF PRIVACY

Wedge is a multi-purpose, soft-seating solution that provides privacy and signals occupancy for individuals seeking solitude in shared spaces. Shaped to increase comfort, Wedge creates a space, or cove, to insulate and help users concentrate.

Solving the Need to Get Away

Increased individual and group activities carried out in modern, shared spaces require a certain degree of flexibility, privacy, and functionality. The Townhall™ Collection, with products like Wedge, creates sought-after, active enclaves that support multiple work modes and the changing postures necessary for individual or team work.

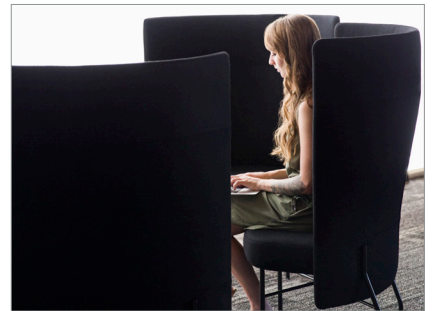

ONE CHAIR, MANY USES

Its lightweight design provides maneuverability that makes reconfiguring into multi-functional, solo, or team applications easy.

MOLDED COMFORT

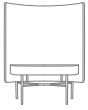

Wedge's soft, molded foam envelops and adapts to the contours of users of all shapes and sizes.

OPEN PRIVACY

The back height is high enough to provide privacy for user concentration, but low enough to indicate occupancy.
