Vicinity™

Cohesive Collection

Vicinity seating offers the flexibility to outfit various spaces throughout the workplace. Each chair and stool fulfills a distinct need and function, while the design style creates a consistent aesthetic across cafés, team project rooms, collaboration spaces, and reception areas.

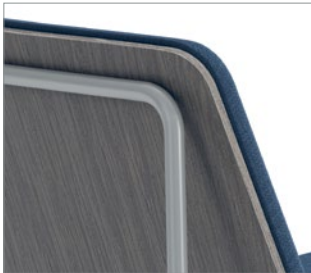

Comfortable Versatility

The lightweight design of Vicinity seating allows for easy relocation wherever needed. Featuring a flexible polymer shell on chairs and stools, and an upholstered lounge chair and rocker, users can work and meet in comfort.

Vicinity chairs and stools stack up to 10 high or 5 high with a seat pad.

The Vicinity lounge and rocker chairs feature upholstery with a veneer shell or a fully upholstered back.

Available with a sled or four-leg base, the chairs are lightweight and easy to move.

Optional seat pad on Vicinity chairs and stools offers more comfort.
