

Allsteel®

# SEATING COLLECTION GUIDE

We believe seating should  
unlock a user's productivity  
the moment they take a seat.

A chair is more than just a place to sit, perch, or lean back while getting work done. Smart design is represented throughout the entire Allsteel seating portfolio. While each chair was designed to solve a variety of workplace challenges, ergonomics, manufacturing excellence, and customer satisfaction are design principles we continue to follow with each new product introduction.

The Allsteel seating portfolio provides chairs that fit any workplace design, any budget, and anybody.

Seating made simple.

Task Chair

Task Stool

# #19<sup>®</sup>

Design by Marcus Koepke, Marcus Curtis Design

#19 is the sum expression of 18 integral parts plus one equally integral human being. It began with you: how you sit, move, work, adjust, and recline. It moves naturally with you, keeps you supported in every position, and makes you comfortable throughout the day.

As part of the Vicinity collection, Vicinity lounge is a unique design that creates comfortable spaces for conversation and collaboration. It complements Vicinity seating and tables for a consistent aesthetic across the entire floorplan.

## Plywood Back Veneer Finishes

## Frame Finishes

A wide selection of seating upholsteries is available online at [allsteeloffice.com](http://allsteeloffice.com). Available with veneer or upholstered back.

# Clubhouse™

Design by HOK Product Design + Designworks, a BMW Group Company

Create a secluded place in any space. Clubhouse is a furniture solution that provides space delineation without the need for architecture, while facilitating concentration for small groups in the open-plan office.

## Paint Colors

Textured White    Textured Silver    Textured Flint

## Screen Mesh Colors

Chalk    Greystone    Pewter

A wide selection of seating upholsteries is available online at [allsteeloffice.com](http://allsteeloffice.com).

Clubhouse is available in 14 unique configurations in heights of 54" and 83".

# Linger™

Design by IDa Design + HOK Product Design

Linger is a lounge chair that accommodates a variety of postures. Take a seat for longer meetings, sit upright, lounge, swing your legs over the side, or perch on the back for shorter interactions.

## Base Finishes

Polished Aluminum Silver

A wide selection of seating upholsteries is available online at [allsteeloffice.com](http://allsteeloffice.com).

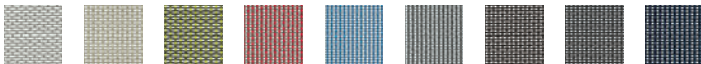

# Clarity®

Design by Designworks, a BMW Group Company

Clarity preserves only the essential elements of form and function. A design of reduction philosophy resulted in a pure, minimal look that easily adapts to any space and any type of work you do. The mesh seat and back automatically react to you, providing an adaptable comfort that anticipates your every posture.

# Rise™

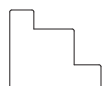

Design by IDa Design + HOK Product Design

Rise tiered modular seating is a surprisingly natural and comfortable way to assemble a small or large group without taking over an entire room. Rise is an ingenious solution for gathering people in a small space or creating a meeting space with a single grouping of furniture.

A wide selection of seating upholsteries is available online at [allsteeloffice.com](http://allsteeloffice.com). Models with power also available.

# Involve<sup>®</sup>

Design by IDa Design

Involve incorporates soft seating in the primary workspace to encourage spontaneous interaction. Involve's modular design brings everything together to accommodate all the different ways work gets done, from private office to open plan and beyond.

A wide selection of seating upholstery is available online at [allsteeloffice.com](http://allsteeloffice.com).

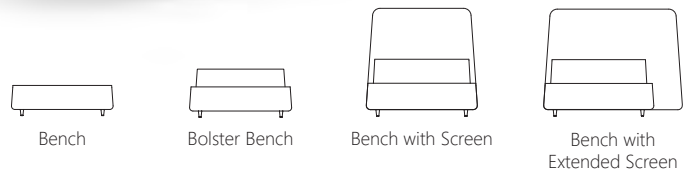

# Mind-Share<sup>®</sup>

Design by IDa Design + HOK Product Design

From open and inviting to visible yet private, Mind-Share provides the comfortable and flexible solutions you need to share thoughts and ideas. Its flexible design allows you to create a variety of spaces, including café booths, banquettes, or even semi-private mini-rooms.

A wide selection of seating upholstery is available online at [allsteeloffice.com](http://allsteeloffice.com).

# Hedge<sup>™</sup>

Design by IDa Design + HOK Product Design

Hedge was created in response to the way people naturally interact. Its design creates layered areas, where several people can sit in front while others gather around the back.

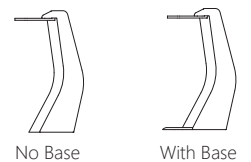

## Worksurface Laminate Finishes

## Base Colors

A wide selection of seating upholstery is available online at [allsteeloffice.com](http://allsteeloffice.com). Single, double, and triple models available.

# Lyric™ Collection

## All in The Family

A comprehensive collection of seating includes high-back and mid-back task, multi-purpose, and side chair options.

## Well-Styled Style

Find ultimate design flexibility and choice with Lyric's thin design profile, a wide array of mesh, leather, and fabric choices, and optional upholstered back.

## Find Your Fit
