Seating

The Perfect Fit

Designed Around You, and You, and You

You are one of a kind. So shouldn't your chair be designed with that in mind? We think so. Not only does Ignition fit your height and weight to a tee, it offers sophisticated materials for pinpoint comfort just where you want it. With a great mix of back heights, colors, and styles to choose from, it works everywhere. Just like you.

Shown with Empower® workstation and Fuse™ storage. Featuring Spectrum Mesh.

4-Way Stretch | Spectrum

Mesh Back

Mesh Well Together

Ignition 2.0 task, guest, and stool models offer two advanced mesh options, each crafted for all-day comfort. Choose 4-Way Stretch Mesh for comfort that flexes in every direction, adapting to your movement for a softer, more personal fit, or Spectrum Mesh for 3D construction that adds visual depth and transforms any space with vibrant color. Whatever you choose, you'll find comfort designed to keep you focused, inspired, and ready for what's next.

Featuring 4-Way Stretch Mesh.

Featuring Spectrum Mesh.

ReActiv® Back

Be Proactive with ReActiv

Look good and feel even better. Ignition's ReActiv back design delivers zonal comfort to perfectly balance the right amount of support.

Shown with 10500 Series™ desk.

Flexible Inner Structure
Provides targeted support and superior comfort within the slim silhouette of Ignition 2.0

Upholstered Back

A Material World

Weave in comfort with style when you choose an Ignition upholstered chair. The 2.0 slim-profile chair—with an optional adjustable lumbar—cradles your back to provide support without the bulk. The original Ignition models feature quick-adjust backs that change to six vertical positions.

Some options only available on select models.

"Ignition has been a bestseller for years, so when evolving it to meet today's needs, we didn't want to lose the elements that have made it so successful. Instead, we added new comfort adjustments, 4-Way Stretch and Spectrum Mesh options, and other enhancements that made it an even better fit for the new work day."

Wolfgang Deisig & Nils Köhn
