The Key to Future Growth

Extensions, a collection of ergonomic, lighting, organizational, and power accessories, is utilized across Allsteel products to improve overall worker health and comfort. An investment in Extensions is an investment in employees and future growth.

Lighting

Extensions lighting solutions allow you to create custom workplace lighting to suit your visual and technology needs. High-power LEDs provide longer, brighter power.

Wand™ LED Task Light

- Simple, clean, freestanding design
- Powerful 7.7 -watt LED for efficiency and long life
- Hi/low switch allows you to customize the amount of light
- Color options include silver and white
- Optional Occupancy Sensor & Charging Ports
- Models with USB-A & USB-C Ports

Splitty™ Task Light

- Curved, droplet-shaped LED head optimal for video conferencing
- 7 watt LED light for efficiency and long life
- Soft touch power button allows for continuous dimming from 100%-3%
- Optional additional desk clamp & tool tile mount accessories
- Color options include silver, white, and matte black
- Includes one USB-A Port

Undercabinet Lights

- Undercabinet LED lights can be linked together and powered with a single switch
- Optional occupancy sensor automatically turns off the fixture after 30 minutes of no detection and back on as the user re-enters the detection range
- Recessed task lights with fluorescent bulbs and electronic ballast for longer bulb life are also available

Organization

Organizational tools personalize your workstation. Manage your workflow and store your desk accessories within arm's reach.

Hanging Markerboard

Personal Shelf

Binder Shelf

Coat Hook

Angle File
Single, Double, Triple

Paper Tray
Single, Double, Triple

- Accessories work with Gallery Panel Accessory Rail and Systems Tool Tile
- Available in a variety of colors to complement the workstation
- Tool tile works with all Allsteel systems except Concensys® and Optimize™, which offer an integrated tool rail

Monitor Arms

Pivot™ allows monitors to be placed at the proper position for improved ergonomics and well-being. Reduce desktop clutter and reclaim valuable workspace otherwise taken up with bulky technology. With its slim profile and lightweight design, Pivot is as beautiful as it is functional.

Power & Data

More technology demands increase the need for access to power. A power and data module provides power at the desktop with pop-up or surface-mounted options, allowing more efficient use of space while keeping surfaces free of cords with devices close at hand.

Keyboard Support

Users can maintain healthy postures throughout the day by using adjustable keyboard supports to properly position shoulders, arms, and wrists.

- Lift-and-lock height adjustment
- Tilt adjustment with 360° rotation
- Can be used in sit-to-stand applications

CPU Hammock™

Utilize a fully adjustable CPU Hammock to store technology safely and securely beneath the worksurface.

- 360° swivel with an 11" rack
- Supports up to 75 pounds
- Handy adjustment tool is stored within the unit
