THE POWER OF CHOICE

It doesn't take research to tell us that we're happier when we're comfortable. We all do our best when we feel relaxed and supported. Grove supports today's agile workforce with a change-of-pace lounge that delivers the comfort people crave, while encouraging focus and interaction throughout the workplace. Greet guests in style. Take a break from the workstation. Grab a latte with a colleague. Grove is proof that giving people choice over how and where they work can lead to a happier, more creative culture.

A. WELCOME PRODUCTIVITY

How you greet guests speaks volumes. Whether you're looking to bring people together or respect their personal space, Grove is the natural choice.

B. NEVER DOUBLE BOOKED

Getting the conference room when you need it can be like winning the lottery. Grove settings with tablet arms and table top surfaces make it a win-win.

C. PRIVATE, YET ACCESSIBLE

Help leaders transition from heads-down focus to relaxed collaboration — all at a moment's notice.

D-E. ARM OPTIONS

Take your pick of two arm styles or an armless option and get the exact the look you've been searching for.

F. LEG OPTIONS
