Ignition™ Executive and Conference

## TIMELESS DESIGN FOR A PROFESSIONAL LOOK

Private offices. Conference rooms. Meeting spaces. Board rooms. Ignition executive and conference chairs bring contemporary style to all the spots in your office where first impressions matter. Ignition's sleek appearance and comfortable contours won't overwhelm a room. And the extensive palette of available upholstery options lets you dress these chairs down to blend in, or up to make a statement.

### CONTROL OPTIONS

Increased seat depths to 3" and tilt recline to 120° for select models adds to Ignition's already impressive control performance.

**CENTER TILT**  
With this popular control, the front of the seat rises to the same degree the back reclines, to support daily office activities.

**SYNCHRO-TILT**  
This enhanced tilt function brings the spine into more natural alignment, and opens the torso to improve leg circulation.

**SYNCHRO-TILT WITH BACK ANGLE**  
Offers the broadest recline range and gives the user maximum control over every aspect of their posture.

### BASE OPTIONS

Standard Black and Polished Aluminum base options offer the style you desire and blend seamlessly into any setting.
