## Concinnity™

STANDING HEIGHT

LAMINATE DESKS

# GET UP. GET DOWN. GET COMFORTABLE.

As comfortable and ergonomic as task chairs have become, many workers still prefer to stand at their desk while working. Concinnity sit-to-stand options support this trend with options that can achieve a range of different heights that support any personal preference or office configuration. Concinnity has been designed to rise to any occasion.

**A & C. WITH COORDINATE™ BASES**  
Create a variety of height-adjustable workstation layouts adding Concinnity workspaces to a Coordinate 2-leg or 3-leg base. The 3-stage column design extends higher than a typical 2-stage design, and is engineered with a durable frame that performs at the highest level, even under heavy use.

**B. FIXED STANDING-HEIGHT**  
Support today's healthy workstyles by offering the choice of sitting or standing while working, with storage options that fit your needs.
