GUEST/MULTI-PURPOSE CHAIR

Seating

"With Ceres, we set out to support the natural motion of the human body. That's what makes it unique. It has nothing to do with styling. It's honest, genuine design."

Be our guest - and more.

With Ceres, sophistication comes standard, but style is what you bring to it—so bring it on! Specify the fabrics and finishes that express your personality or enhance your brand. Go for fully upholstered backs for a classic look, or choose a 4-Way Stretch mesh back to push the style forward. No matter how you specify your Ceres multi-purpose chairs – with or without arms, with casters or glides – they stack neatly up to four-high when they're not in use.
