Holding to a Higher Standard

Whether you want to streamline the storage of an open plan workstation or customize the organization of your private office, Contain coordinates a variety of spaces with seamless style. Like any successful team, these pedestals, towers, laterals, lockers, wardrobes, and credenzas work exceedingly well independently, but perform even better together, making it indispensable in any busy office.

Statement of Line

It's okay for Contain to be left holding the bag—that's what it's there for. Need a place to display framed photos and awards? Contain's open shelving is the perfect solution. Or maybe you need a private spot for personal papers and belongings. Contain's got that covered, too. Plus, with a stunning array of finishes, bases, drawer types, and more, optimizing your organization has never felt—or looked—better.
