

**CITY OF MUSCATINE,
POLICE DEPARTMENT**

PERFORMANCE FOR THOSE WHO PROTECT AND SERVE

LOCATION: Muscatine, Iowa

YEAR: 2019

NO. OF EMPLOYEES: Approx. 45

PROJECT TYPE: City/Municipal

When the City of Muscatine's Police Department was looking to upgrade their office seating, they looked to their local connections at the HON Company for trusted guidance and the best solutions. The department prioritized durability and comfort, as their workspace sees a bit heavier use than you might find in a more conventional office. The Ignition® 2.0 ReActiv™ back was the chair that was up for the challenge, and after several months on the job, its performing like a champ. Officers have noted the way the chair's arms and back hold up to heavy, everyday wear and tear and when office hours run day and night, it keeps its comfort level for hours of service.

FEATURED PRODUCTS:

Ignition® 2.0 Task Chair with ReActiv™ Back
