VARIETY IS THE SPICE OF WORK

Teams will always gravitate to the places that provide both comfort and effective support for efficient work. Whether they need to spend the afternoon or just huddle to quickly align and move on, Briefing tables offer options and styles that enliven a workplace and inspire its workers.

CHANGE, AND THEN CHANGE AGAIN

Agility is the core reality for the collaborative spaces of nearly all workplaces. Briefing tables flex with the needs of a variety of team sizes and styles. Whether integrated with casual seating or other core meeting-space elements, Briefing is as agile as today's work processes.
