The Motivate line of products is the result of years of studying the specific needs of various educational settings. At HON, we understand how students use chairs and tables and the unique tools that presenters need. Every detail has been examined, such as the table legs that are designed closer to the edge to provide maximum legroom. Chair options include high-density, 4-leg stackers, nesting, swivel chairs and stools. Choose casters or glides, fixed or adjustable height tables, technology options, tablet arms on chairs...the combinations are endless.
