# The Power to Move with You

## Rise to the Occasion

Move freely and work comfortably with Coordinate height-adjustable tables. Designed for flexibility and well-being, these tables adapt to your needs with two-leg and three-leg options, multiple control choices, and a variety of worksurface sizes. Because the best work happens when you're in motion.

Shown with Fuse™ storage and Gravitation™ power beam.

## Give Any Workspace a Raise

Talk about employee perks. Now you can transform any worksurface into sit-to-stand with our 2- or 3-stage bases. The benefit? Improved posture, enhanced focus, and increased productivity. And with Coordinate's ability to support a variety of settings—think open collaborative areas, private offices, and remote home workspaces—a change of view has never been more welcome.

## Work Your Way

Sit. Stand. Stretch. Repeat. With built-in flexibility that adapts to you, Coordinate height-adjustable tables let you create a workspace that fits your flow. Coordinate bases work with 22" to 30"D and 40" to 96"W worksurfaces, offering you a range of options. Choose a sleek rectangle surface with a 2-leg base or a spacious corner cove with a 3-leg base—both designed for movement and comfort. Add optional privacy screens, wire management, and bold textures to personalize your space and power through your day on your terms.
