

GVEC

GVEC bridges the gap between technical and creative with synergetic solutions

LOCATION: SEGUIN, TX
YEAR: 2020

With its fast-growing member and customer base, GVEC Electric Cooperative was ready to reinvent their 3,800 sq. ft. space with three things in mind: collaboration, creativity, and employee satisfaction. From sleek, adjustable desks to intuitive, supportive seating, GVEC has made good on its promise to keep their evolving work environment friendly, fun, and flexible.

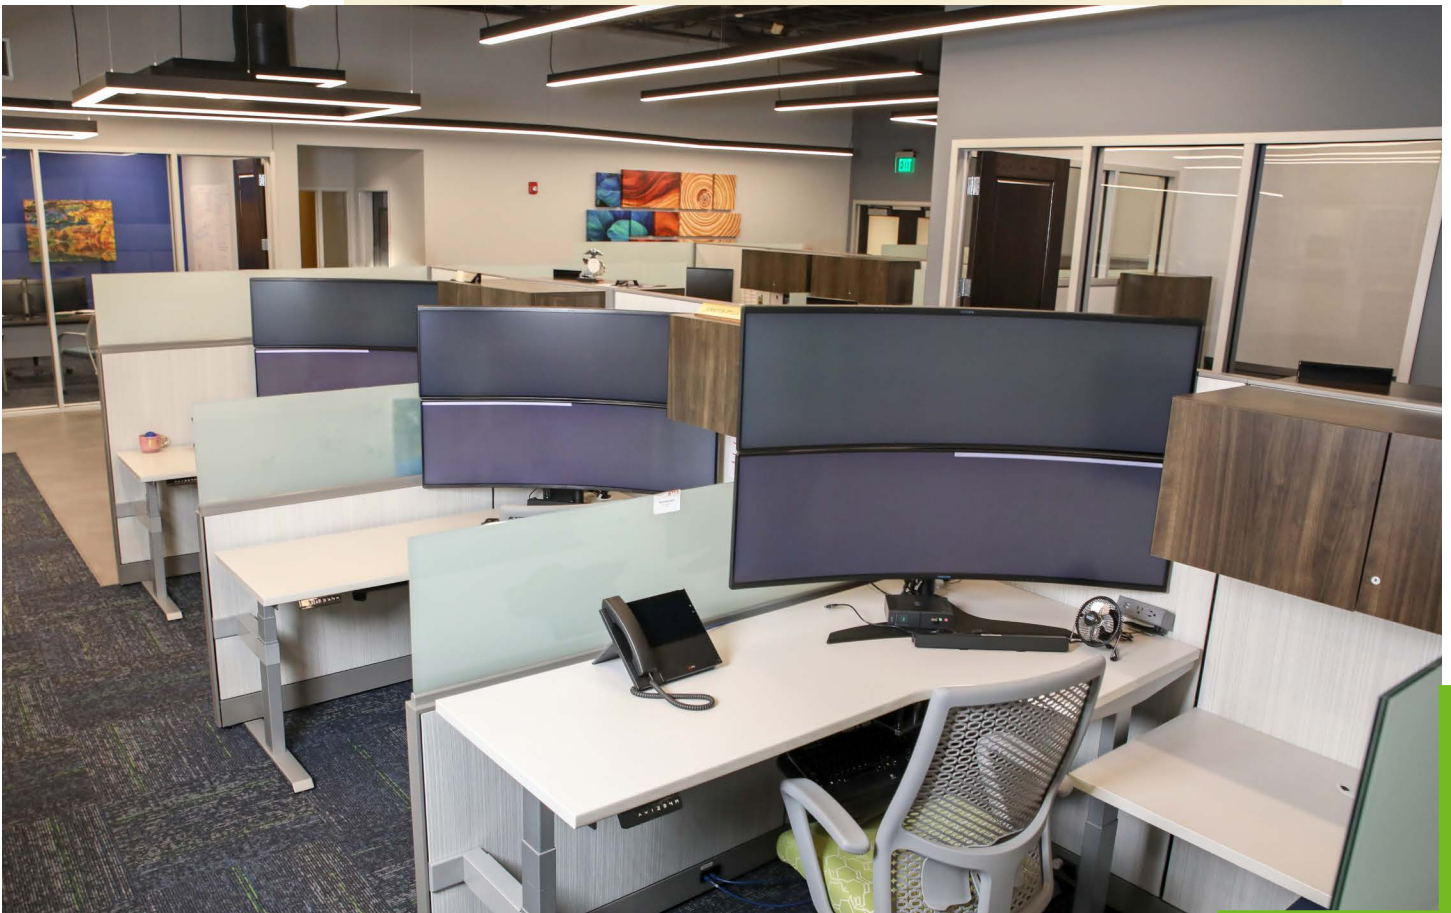

Featured Products:

Accelerate® | Concinnity® | Coordinate™ | Flagship® | Ignition® 2.0

HON.

Make your space work.

HON.

Make your space work.

"We're proud of our new spaces - with the help of HON, Gateway Printing & Office Supply, Inc., and TSG Architects, we transformed 24 workstations within three departments and five private offices. These new environments encourage the kind of meaningful customer and member connection GVEC strives for every day."
