Contain[®]

PEDESTAL

Storage

Convenience is within your reach

From personal items to work files, everyone needs a more convenient way to stay organized. Contain pedestals provide the mobility and modularity needed to create an efficient workspace. Add to any HON desk, workstation or open plan configuration to house files and commonly used office supplies close at hand. Choose from multiple box and file drawer configurations, finishes, drawer types and fixed bases or casters. Contain is designed to coordinate with other HON products, increase functionality, maximize footprints, and deliver confidence from the inside out.

A-B. PEDESTAL TYPES

Integrate support pedestals with HON desks and workstations or go mobile with optional casters. Use the 18"D models for letter size storage and 24"D and 30"D models to house legal or letter files.

C. TOP OPTIONS

Contain pedestals can be turned into short-term seating by adding comfortable seat cushions. The optional laminate top is designed to coordinate with HON desks and workstations.

D. BASE OPTIONS

Choose between a footed base to create a stand-alone furniture aesthetic, a recessed kickplate that matches both the drawer fronts and HON desks and workstations, or an optional flush kickplate. Lockable casters provide the mobility and stability needed to go wherever needed.

E. LOCK OPTIONS

Secure your personal belongs with a choice between a standard lock or a digital keypad lock.

F. PULL OPTIONS

Choose from 5 pull designs to match or achieve any desired aesthetic.

G. FINISH OPTIONS

Choose from metal or durable stain-resistant woodgrain laminate fronts to increase the value and create a desirable mixed material look when added to one of the attractive metal finishes.
