Coverings

All upholstered items may be ordered using HBF Textiles, HBF Leathers, or coverings provided by the customer. Prices listed as COM refer to Customer's Own Material, which includes textiles and leather. Prices listed as GRADE refer to HBF Textiles and/or HBF Leather.

Yardage requirements shown in the price list are based on non-directional 54" wide material. The following conversion chart should be used to determine yardage requirements when COM textile is 54" wide or less and/or has a repeat of 2" or more. Add together the vertical and horizontal repeat to determine which column should be used as a reference.

Fabric Width	Plain Fabric	2"-10" Repeat	11"-20" Repeat	21"-25" Repeat	26"-30" Repeat	31"-35" Repeat	36"-40" Repeat	41"-45" Repeat
54"	+ 0%	+10%	+15%	+20%	+25%	+30%	+35%	+40%
51"-53"	15%	20%	25%	30%	35%	40%	45%	50%
48"-50"	30%	35%	40%	45%	50%	55%	60%	65%
45"-47"	45%	50%	55%	60%	65%	70%	75%	80%
36"-44"	60%	65%	70%	75%	80%	85%	90%	95%

To determine the possibility of reduced yardage requirements for orders of thirty (30) or more units, please contact The HBF Client Experience Team. HBF reserves the right to request additional yardage of COM at customer expense based on repeat and/or pattern size, and number of rolls.

All COM's must be approved for application before the purchase order is submitted to HBF. Please contact The HBF Client Experience Team at hbfservice@hbf.com to verify that your COM fabric has been approved. If it has not, please request COM approval testing via www.hbf.com under COM Request. Failure to submit a COM for testing may result in additional expenses or rejection of COM. For any repeat and/or pattern size not listed, please contact The HBF Client Experience Team for a yardage requirement quotation.

HBF cannot be held responsible for performance, color accuracy, or weaving of COM materials. All responsibility for COM shipments is between the purchaser and the textile/leather source. HBF reserves the right to reject any COM. HBF assumes no responsibility for suitability or wearability of COM. Difficult COM may be subject to additional charge if additional labor costs are incurred. HBF assumes no responsibility for the flame retardance of any COM. Customers are solely responsible for making sure that COM complies with all applicable codes and regulations. Orders specifying COM will not be scheduled for production until all approved COM(s) are received by HBF. To ensure proper COM expediting, please tag fabric/leather roll(s) with the following information: 1. Purchasing dealer name and purchase order number 2. HBF acknowledgment number, if available 3. Other pertinent information which will enable proper COM identification.

When sending COM leather for use on one of our upholstered pieces, please send eighteen (18) square feet of leather for each yard of 54" plain fabric required for that item.

Coverings (Continued)

COM ORDERING REQUIREMENTS:

Prior to acceptance of order specifying COM, a memo sample must be submitted to HBF for determination of suitability. All COM's must be rolled separately, on individual tubes. Multiple materials rolled on the same tube will not be accepted.

For ease of expediting your COM order, we require the following information:

- | | |
|---|------------------------------|
| 1. Material description | Shipping Address: HBF |
| 2. Material source | 900 12th Street Drive NW |
| 3. Order line, product name or number | Hickory, NC 28601-4763 |
| 4. Material color | |
| 5. A swatch of the covering | |
| 6. Special application instructions, if any | |

If COM is of a type requiring choices of seam placement, face side, position of design or repeat; these instructions must be clearly stated on the original order.

HBF cannot be held responsible for performance, color accuracy, or weaving of COM materials. All responsibility for COM shipments is between the purchaser and the textile/leather source.

HBF reserves the right to reject any COM. HBF assumes no responsibility for suitability or wearability of COM. Difficult COM may be subject to additional charge if additional labor costs are incurred.

HBF assumes no responsibility for the flame retardance of any COM. Customers are solely responsible for making sure that COM complies with all applicable codes and regulations.

Orders specifying COM will not be scheduled for production until all approved COM is received by HBF.

To ensure proper COM expediting, please tag textile/leather with the following information:

1. Purchasing dealer name and purchase order number
2. HBF acknowledgement number, if available
3. Other pertinent information which will enable proper COM identification

Combination of Upholstery Applications

All seating ordered with combination upholstery application (fabric, leather) that **is not** offered as standard is subject to a **\$103 List Upholstery upcharge** and will be entered and processed as a special model, in addition to the following pricing conditions:

1. Combinations using HBF Textiles and COM will be priced at the COM price. The cost of the portion of the HBF Textiles used, will be entered as a miscellaneous charge on the furniture order.
2. Combinations using HBF Textiles and HBF Leathers, or COM and HBF Leathers, will be priced at the appropriate Leather I-V price.
3. Combinations using two HBF Textiles will be invoiced at higher grade price.
4. When specifying combination of upholstery applications, a sketch indicating placement of textiles and direction of applications must accompany the purchase order.

Special Code Compliance

California #117-2013

Unless otherwise specified, foam used in all HBF seating products complies with these guidelines.

Boston Fire Code

New York Port Authority

Please contact the HBF Client Experience Team if compliance is required for these special codes.

ANSI/BIFMA e3-2014e Furniture Sustainability Standard and LEVEL® Certification

A majority of HBF’s products have met the necessary qualifications to achieve LEVEL® certification. LEVEL® is the multi-attribute sustainability certification based on the ANSI/BIFMA e3 Furniture Sustainability Standard. The standard and certification were created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment. Taking into account a company’s social actions, energy usage, material selection and human and ecosystem health impacts, LEVEL® addresses how a product is sustainable from multiple perspectives. The organization, facilities, and products are audited on an annual basis to ensure ongoing compliance and improvement.

With LEVEL®, customers can make informed choices about sustainable commercial office furniture. The LEVEL® mark identifies that a product has been vetted by an independent third party certifier and its numeric marking of 1, 2, or 3 indicates the threshold of certification the product has achieved. A majority of HBF’s seating, occasional tables, and conference lines are LEVEL® certified. Please download the certificates from our product pages for the complete details. For more information about the ANSI/BIFMA LEVEL® standard, visit www.levelcertified.org.

ANSI/BIFMA Performance Standards

Our seating products meet or exceed ANSI/BIFMA weight performance standards of 275 lbs. (124.7 kg.) unless otherwise noted.

Indoor Advantage™

All HBF seating products are Indoor Advantage™ Gold Certified.

SCS Global Services, a reputable third-party certification and assessment body of environmental, sustainability and safety claims since 1984, has developed internationally recognized standards and certification programs to assist businesses with improving their environmental efforts, social accountability and product performance.

The advantages of holding Indoor Air Quality certification are substantial: in addition to improving indoor working environments and meeting qualifications for the LEED-CI EQ 4.5 credit for office furniture as well as the BIFMA Standard for Low-Emitting Office Furniture Systems & Seating M-7.1, there is the added assurance of knowing that the company’s entire breadth of products is held to such rigorous standards.

For more information regarding Indoor Advantage™, please visit: <http://www.scsglobalservices.com>.

Please contact the HBF Client Experience Team for pricing and lead time information.

Dimension Guide

GSA/Federal Contract Information:

GSA Contract Number 47QSMA22D08P9

Model numbers identified with the following verbiage “When purchased separately without a configurable TAA compliant end product, not on GSA contract” is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered **Open Market** if purchased without a configurable TAA compliant end product.

HBF High Performance Products

HBF and HBF Textiles have long been leaders in contract furnishings and known for industry-leading product design coupled with the highest quality construction, comfort and aesthetic beauty.

Now these same principals are the cornerstones of HBF Healthcare high performance products. We have consulted with healthcare designers and clients to provide products and options for interiors that will provide quality sustainable design solutions for the future. These effective solutions will address the unique interactions required by any high-use facility. Visit www.hbf.com for additional high performance product information.

Seating Product High Performance Options:

- Guest and Lounge Seating
- Arm Caps
- Moisture Barrier
- Wipe Out - Clean Out
- Tandem Seating
- Wall Saver Legs
- Replaceable Components
- Upholstery Products from HBF Textiles

Spring Down Cushions

Optional spring down cushions are available on most loose cushion HBF lounge seating. List upcharges are:

Chair	\$108
Loveseat	\$194
Sofa	\$297

Veneer and Finishes

Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood substance the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color.

An upcharge of **5% Net** COM per seating unit, with a minimum upcharge of **\$500 Net** per order, will apply for any custom wood finish.

Vela Seating Collection Specifications

Collection Details	Swivel Chair Task Chair
Sizes	Mid-Back High-Back
Arms	Black Metal Polished Aluminum
Five-Pronged Metal Base	Black Metal Polished Aluminum
Casters	Match Metal Base

A minimalistic design, Vela is an essential piece for the modern office. Inspired by "an honest expression of the evolving workplace," Vela represents a democratic design language with its unadorned yet sophisticated presence in an executive office or grouped around a large conference table. Vela's name (stemming from the word "velum" which means membrane) represents its ability to support and comfort the nuances of the body, while still offering structure and a streamlined look for the contract environment. Vela delivers necessary ergonomics for a wide range of body types with its S-curve back (available in a mid or high-back variant) plywood structure with molded foam cushioning, and angled, cast aluminum arms for a sculptural yet comfortable form.

- Both mid and high-back models are equipped with height adjustments and tension/locking mechanisms.
- Arms and base are standard in black metal. Available in polished aluminum for an upcharge.
- High back is standard with gathered stitch detail.
