

## Allsteel Spanning Tile FAQ

**Q. Which Allsteel Panel Systems is the spanning tile compatible with?**

A. The spanning tile is available on both Terrace and Stride series. Both series have standard spanning tiles and to the floor applications.

**Q. How many frames can the spanning tile run?**

A. The spanning tile can run any combination of two frame widths.

**Q. What are the possible frame width combinations?**

A.

Frame Combinations															
54W		60W		66W		72W		78W		84W		90W		96W	
Frame 1	Frame 2	Frame 1	Frame 2	Frame 1	Frame 2	Frame 1	Frame 2	Frame 1	Frame 2	Frame 1	Frame 2	Frame 1	Frame 2	Frame 1	Frame 2
24	30	24	36	24	42	24	48	30	48	24	60	30	60	36	60
		30	30	30	36	30	42	36	42	36	48	42	48	48	48
						36	36			42	42				

**Q. Are special mounting brackets required?**

A. Yes, each series does require their own mounting brackets.

Terrace: TKSTBKT1: 30/35”H; TKSTBRKT2: 42.5/50”H

Stride: Z4STBRKT1: 30/35”H; Z4STRKT2: 42.5/50”H

**Q. When will spanning tiles be available to spec in CET**

A. October 1, 2022

**Q. Can I run beltline power with spanning tiles?**

A. Beltline power can be run on the opposite side of the frame as the spanning tile in the above beltline location. Power cannot be run in the below beltline location.

**Q. Can I still access the slotted standards on the frame?**

A. Yes, the slotted standards located on the either side of the spanning tile are still accessible.

**Q. Can spanning tiles be used on a base frame and stacker (ie. 50”H spanning tile on a 35”H frame w/ 15”H stacker)?**

A. No, spanning tile height must match the height of the base frame

**Q. What is the grain direction on the spanning tiles?**

A. Spanning tiles only come in horizontal grain direction

**Q. Can the grain direction be specified in vertical grain?**

A. Vertical grain is available as a special for widths <60”W

**Q. What laminate options available with spanning tiles?**

A. All standard laminate options are available. See specification guide for specific laminate and edgeband selection.

**Q. Can the tiles be specified with writeable markerboard laminate?**

A. Markerboard laminate is available via TPG.
