ADMINISTRATIVE SPACES

Public administration and office environments demand a diplomatic balance of discreet private spaces and collaborative open areas that offer smart, streamlined workflow and customized connection.

Concinnity™ Desk and Ignition® 2.0 Chair

10500 Series™ Desk and Ignition® 2.0 Chairs

These environments
deserve solutions
designed for
fine-tuned focus,
comprehensive
organization, and
reliable privacy.

BREAK ROOM SPACES

Beyond new practices around decontamination and cleaning of gear, creating communal spaces that move firefighters out of the apparatus bay(s) needs consideration. The approach to contaminant-free spaces must be prioritized.

Flock® Seating and Preside® Table

Astir™ Lounge, Ruck™ Chairs, and Birk™ Tables

Your station must be deliberate in delineating where staff and the public are safe from contaminants and where there is higher risk.

TRAINING ROOMS

Decision makers have recognized the need and opportunity to outfit their operations with training facilities, also understanding how these facilities can foster collaboration among neighboring departments and support recruitment of interested, young candidates.

Preside® Table, Cliq™ Chairs,
Contain® Lockers and Storage Islands

Motivate® Table, Chairs,
and Markerboard

To enable top-notch, real-time training, more fire departments are building training facilities into their fire departments.
