

# Together for a Clean Ocean

In our ongoing effort to foster environmental stewardship, Allsteel has partnered with SEAQUAL® INITIATIVE to repurpose reclaimed marine plastics into fabrics. Now available on most of Allsteel's award-winning products and many other solutions our customers depend on every day, SEAQUAL®'s textiles are made with 100% post-consumer materials. They're not only breathing new life into everyday spaces, they're helping save the planet, one Allsteel solution at a time.

**SEAQUAL INITIATIVE** is a unique collaborative community that works with ocean clean-up programs around the world to bring value to the waste they recover.

## SEAQUAL® Yarn

100% post-consumer PET, same quality as standard recycled polyester. Used in fashion, sportswear, automotive, home furnishing and merchandising.
