

HNI Workplace Furnishings Open Line Laminate Program

The Open Line Laminate (OLL) program makes it even easier for a customer to tailor their HNI product for a custom look. Select HNI furniture products accommodate hundreds of graded-in high-pressure laminates (HPL) from the leading laminate manufacturers' open lines.

Laminates that are currently available in the program can be viewed in specification tools. A full list of currently structured laminate options is noted below.

Requests to add laminates to the standard specials program can be submitted through the CET Specials Integration tool as well as Community.

Matching edge options are not available for laminates in the OLL program. When selecting a laminate please select an edge option from the HNI standard offering. If a matching edge is required a modification request can be submitted through the CET Specials Integration tool as well as Community.

Due to manufacturing techniques, materials, quality issues of varying laminates, and minimum order quantities some product exclusions will apply, and some requests may be declined.

Extended lead times may apply on orders containing special laminates.

Contact the Tailored Products Group for questions or additional information regarding pre-approved laminates and pricing.

HON

Phone: 888-255-7833 Option 4.5

Email: HONSpecials@honcompany.com

For edge band recommendations from the HON standard offering, please email the HNI Workplace Colors, Materials and Finishes team at honfinishes@honcompany.com.

Allsteel

Phone: 888-255-7833 Option 4.2

Email: ASITPG@allsteeloffice.com

For edge band recommendations from the Allsteel standard offering, please email the HNI Workplace Colors, Materials and Finishes team at allsteelfinishes@allsteeloffice.com.

Allsteel edge samples can be ordered through the Allsteel Synergy literature site, <https://www.allsteelsynergy.com>.

For laminate samples, please contact the manufacturer directly:
