

# Government Municipalities

# Creating Safe & Inclusive Community Spaces

Government employees need dedicated areas that balance privacy and performance. Private offices with smaller footprints deliver advanced features that support high-level, focused work.

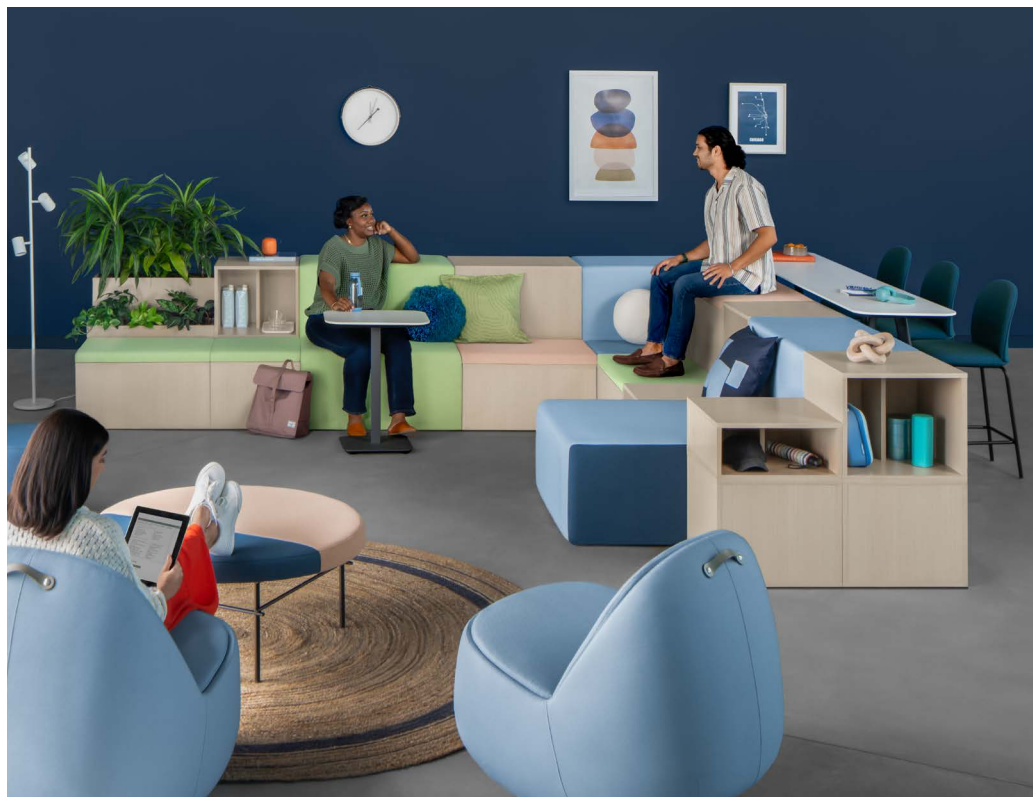

## Purposeful Community Areas

Our smart designs create spaces that foster both work and relaxation, including flexible meeting rooms and multipurpose areas.

## Adaptable & Agile Spaces

Our furniture solutions allow spaces to be easily reconfigured, meeting the diverse needs of your community—whether it's a library, courthouse, or law enforcement facility.

## Rearrange for Your Needs

Hackable spaces allow users to easily rearrange furniture to fit their needs, embodying a living in beta mindset that prioritizes adaptability and user experience.
